

## Public Records Requests Information

### **Mississippi Department of Corrections: Public Records Procedures and Policies**

The Mississippi Department of Corrections (MDOC) has a process to respond to requests for the disclosure of public records and this ensures that the release of records is consistent with state and federal law. This policy does not apply to discovery requests made in conjunction with litigation, subpoenas, or other legal pleadings, or offender requests for photocopies of documents already in their possession. It is our general policy to neither confirm nor deny any ongoing investigation of the Mississippi Department of Corrections.

#### **Public Records Policy**

The public records policy of the Mississippi Department of Corrections has been adopted in accordance with the Mississippi Public Records Act of 1983, Section 25-61-1, et seq, Miss. Code Ann. (1972). All records and portions of records not exempt from disclosure will be made available in accordance with the procedures outlined below.

#### **Public Records Officer**

The Mississippi Department of Corrections is a law enforcement agency that enhances public safety by providing secure facilities and effective post-release supervision for offenders and ensures a safe and professional work environment for staff while bringing accountability, innovation, and fiscal responsibility to the citizens of Mississippi. The Mississippi Department of Correction's central office is located at 633 North State Street, Jackson, Mississippi, 39202.

Any person wishing to request access to public records of the Mississippi Department of Corrections, or seeking assistance in making such a request should contact the public records officer of the Mississippi Department of Corrections:

Public Records Officer: Legal Division  
Current Officer: Marshall Goff  
Mississippi Department of Corrections  
633 North State Street, Jackson, MS, 39202  
Telephone: (601)-359-5770

Information is also available at the Mississippi Department of Corrections web site at [www.mdoc.ms.gov](http://www.mdoc.ms.gov)

The public records officer will oversee compliance with the act but another Mississippi Department of Corrections officer may process the request. Therefore, these policies will refer to the public records officer "or designee." The public records officer or designee and the Mississippi Department of Corrections will provide the "fullest assistance" to requestors; ensure that public records are protected from damage or disorganization;

and prevent fulfilling public record requests from causing excessive interference with essential functions of the Mississippi Department of Corrections

### **Definitions**

The following terms have been defined for purposes of this policy:

**Public Record** A public record shall mean any book, record, paper, account, letter, map, photograph, film, card, tape, recording or reproduction thereof, and any other documentary material, regardless of physical form or characteristic, having been used, being in use or prepared, possessed or retained for use in the conduct, transaction or performance of any business, transaction work, duty or function of the Office, or required to be maintained by the Mississippi Department of Corrections. These records will be made available for inspection and/or copying. If any public record which is held to be exempt from disclosure, as designated below, contains material which is not exempt, the Office shall separate the exempt material and make the non-exempt material available for examination and/or copying. The Mississippi Department of Corrections Public Records Officer or his designee has the authority to specify the mode, manner, time and place of access.

### **Procedures for Handling Public Record Requests**

All requests to examine, copy or obtain public records, shall be in writing. The request must identify the records with sufficient detail, give the name, address and telephone number of the requesting agency or individual, and must be signed by the requesting party. This requirement may be waived on a case by case basis by the Public Records Officer or his designee to facilitate the orderly and timely release of the information.

The Office shall respond to the request in writing within 7 working days from the date the request is received by the Mississippi Department of Corrections. Denials shall contain the specific reasons for the denial. Copies of all denials shall be maintained on file by the Office for not less than three years from the date denial is made. If the request is unclear or does not sufficiently identify the requested records, MDOC may request clarification from the requestor. Such clarification must be provided by telephone or written correspondence if necessary.

If the records will be disclosed, the Office will give an estimate of the total cost, if any, for compliance with the request. The Office will produce the records requested no later than 14 working days from the date the request and payment are received, unless more time is needed to fulfill the request. Payments must be made by cash, check, money order, or cashier's check.

Records furnished to the Office by third parties, which may contain trade secrets or confidential commercial or financial information, will not be released until reasonable notice to the third parties has been given. For the purpose of providing advance notice to submitter's of trade secret or confidential commercial or financial information, twenty-one days from the date the third parties are given notice shall be deemed a reasonable time for the disclosure of the requested records in the absence of a court order to the contrary.

Official representatives of public bodies, as defined in the Public Records Act, shall be entitled to reasonable copies of such records with no charge.

If the searching, researching, reviewing, duplicating, redacting or separating of non-exempt material from documents, etc., containing exempt material requires more than one hour of work, then any requesting party may be charged for the work time above an hour in addition to a mechanical reproduction charge of fifteen cents (\$.15) per page. The charge for the hours shall be based upon the hourly salary of the lowest paid employee of the Office qualified and available to do the job. Any request requiring ITS support may be charged at the contractual rate of the third-party vendor. MDOC reserves the right to charge a reasonable fee up-front to cover the anticipated costs of research to discover the amount and type of information responsive to the public records request. MDOC will pay any fee or charge associated with the denial of a request, unless the response is considered to be outside the scope of employment.

Mailing costs calculated at the applicable United States Postal Service rates shall be charged where appropriate. The cost of mailing a notice to third parties via certified mail, return receipt requested, shall be charged to persons requesting the public records and may not be marked out by the requestor. This section does not represent an exhaustive list of the types of actual cost charges that MDOC may incur in responding to a Public Records Request.
