MISSISSIPPI

Dear Fellow Mississippians:

On behalf of the Mississippi Department of Corrections (MDOC), it is with immense pride that I present the Annual Report for Fiscal Year 2008. This thorough report profiles the agency's accomplishments and performance indicators from July 1, 2007, through June 30, 2008; is filled with a collection of data reflecting the state's felony population; and provides definitions of correctional terminology.

Always striving to serve the state through increased accountability, strengthened programs, public safety and fiscal responsibility, Fiscal Year 2008 demonstrated the agency's commitment to excellence:

The American Correctional Association (ACA) recommended its highest honor for commitment to excellence to the Mississippi Department of Corrections for having all programs within the state's jurisdiction accredited. This award is only presented to those states whose entire correctional systems have achieved compliance with hundreds of national correctional standards. MDOC is only the 14th state correctional system in the nation to claim this accomplishment.

MDOC Field Services/Probation and Parole Division of Community Corrections became one of fifteen (15) Field Services Divisions in the world to be accredited by the ACA.

All three (3) state prisons remain accredited by the National Commission on Correctional Health Care for meeting correctional healthcare standards and for providing quality healthcare to offenders.

The Mississippi Department of Corrections expanded re-entry efforts for inmates and established a practice authorizing offenders incarcerated for two (2) years or more to participate in a Pre-Release Program.

Over the course of the past year, MDOC successfully increased inmate graduations by 16% in Adult Basic Education, Vocational Trades and Alcohol and Drug programs. There were 4,376 inmates awarded certificates for these three programs: General Education Development (GED) - 615 inmate graduates; Vocational Trades - 456 inmate graduates; Alcohol and Drug - 3,202 inmate graduates.

Offenders in the state's community work centers provided nearly \$20 million dollars in free labor to local, county, state and non-profit charitable organizations during the fiscal year. Inmate labor saved taxpayers millions of dollars while also allowing offenders to learn a trade.

Mindful that for each offender there is a victim and that safety of the public is paramount, MDOC successfully obtained a \$1.3 million dollar federal grant from

the Bureau of Justice to develop and implement the state's first Statewide Automated Victim Information and Notification (SAVIN) network. The automated system will provide victims round-the-clock access to information about the custody status of state inmates, and of offenders housed in county jails statewide. More importantly, registered victims will be automatically notified if the inmate is released or escapes.

As the Mississippi Department of Corrections moves forward in the coming months, we will continue to strive to perform at our best as leaders in corrections. We will remain committed to maintaining high standards of accountability and excellence in public service as we steadfastly carry out our mission to provide public safety.

Sincerely,

Christopher B. Epps
Commissioner

MISSISSIPPI

COMMUNITY CORRECTIONS DIVISION

Lora H. Cole

Programs

Restitution Centers

There are four Restitution Centers in Mississippi that assist residents in obtaining employment as a condition of their probationary sentence. Money earned by residents is distributed to crime victims for restitution, courts for court costs and fines, and MDOC for room and board. The remainder of the resident's wages, after taxes, goes to the resident's family or to the resident's holding account. Upon completion of the program, residents are transferred to a field officer and remain under supervision for the remainder of their probationary sentence.

Community Work Centers

The MDOC Community Corrections Division oversees 17 Community Work Centers throughout Mississippi. Minimum security inmates are assigned to these centers and are provided a gradual, re-introduction into community life. The program includes alcohol and drug counseling, Adult Basic Education and GED preparation, literacy classes and religious programs.

Each Community Work Center houses approximately 102 inmates that perform a wide range of labor at no cost to city, county and state government agencies and to school districts. This work ranges from community beautification projects to bridge and road work repair, vehicle maintenance, and water, sewer, and sanitation details.

Inmate Labor

The offenders that serve their sentences in Community Work Centers provide free labor to municipalities, counties and other state agencies. A sample of the work they perform includes highway beautification, facility maintenance, road work, and equipment maintenance. In FY 2008, the offenders in the community work centers provided entities with 3,264,907 total inmate hours, valued at minimum wage to equal \$19,099,705.95 in free labor. For the same 12 months the residents in the restitution centers provided entities with 18,527 total resident community service work hours valued at minimum wage to equal \$108,382.95 in free labor.

COMMUNITY CORRECTIONS

Programs

The Division of Community Corrections is charged with the supervision of offenders that are still under the jurisdiction of the state. The division conducts field supervision of offenders and oversees a variety of programs that afford offenders an opportunity to re-assimilate into the community. This Division is led by Deputy Commissioner Lora Cole.

Field Services

The Field Services component of the Division of Community Corrections is responsible for the supervision of offenders released on parole, intensive supervision (ISP), earned release supervision (ERS), and sentenced by the court to probation.

F.R.E.E. (Facing Reality Educationally and Emotionally)

The MDOC Division of Community Corrections has thirteen F.R.E.E. treatment coordinators located statewide that assist field officers in monitoring offender's treatment needs for substance abuse. In addition, treatment coordinators teach a structured life skills curriculum twice a month to assist offenders in other areas of their life that have been affected by their substance abuse problems.

Interstate Compact

The State of Mississippi participates in the Interstate Compact for Adult Offenders. Under the terms of the compact agreement, the Mississippi Department of Corrections (MDOC) provides courtesy supervision to probationers and parolees from other states in exchange for courtesy supervision of Mississippi offenders residing in other states.

Pre-Trial Diversion

The Pre-Trial Diversion program is an alternative to felony conviction in which a defendant voluntarily submits to supervision ranging from six months to three years. Charges against the offender may be dismissed if the period of supervision is successfully completed.

Intensive Supervision Program

The Intensive Supervision Program (ISP) is designed to provide a level of supervision in a community setting to offenders who would otherwise be incarcerated. Offenders are required to wear electronic monitoring equipment and are limited in most cases to employment, treatment, and worship services activities. Each offender in ISP maintains inmate status and can be immediately placed in a MDOC facility upon violation of the program.

Drug Testing

Community Corrections field officers are responsible for routine and reasonable suspicion drug testing of offenders and random drug testing of 15% of the offender population each month.

Mississippi Prison Agriculture Enterprises

One mission of the farm program is to decrease inmate idleness and to cut budget costs for the taxpayer. During FY 2008 inmates worked 711,360 hours in the agriculture program.

For the crop year 2008, Agriculture Enterprises planted approximately 1,167 acres of vegetables, 214 acres of rice, 1,400 acres of corn, 500 acres of wheat, and 2,400 acres of soybeans.

The poultry facility is in full production with a 36,000-layer capacity. A total of 551,900 dozen eggs were delivered to MDOC food services with a non-cash value of \$671,324 in FY 2008.

The swine operation weaned 1,008 litters averaging 8.28 pigs per litter with 8,326 pigs weaned. The farrowing equated to an average of 1.98 litter/sow annually. Feeder hogs marketed totaled 6,198 for \$617,661. Mississippi Prison Agriculture Enterprises (MPAE) began shipping light hogs to an outside processor in May 2001. There have been 1,369 light hogs processed with a processed weight of 130,014 pounds that was donated to MDOC food service with a value of \$107,912 during FY 2008. The breeding herd received 244 raised gilts in the herd. The current inventory for breeding, farrowing, nursery, and finishing is 4,372.

The inventory of commodities carried over from FY 2008 had a value of \$170,083. This figure includes feed mill inventory, seed, fertilizer, and chemicals not expended during FY 2008.

Non-cash sales for FY 2008 vegetable, egg sales, and pork processed were \$2,030,424. The total pounds of vegetable non-cash sale for FY 2008 was 3,400,707. Egg sales consist of 551,900 dozen.

Vegetable value is based on the USDA Atlanta Market Report. All processed vegetables and eggs were provided to the MDOC Food Service Department. MPAE has sold eggs and vegetables to some private correctional institutions and regional facilities to generate cash dollars of \$12,190.

On June 30, 2008, the Agricultural Enterprises Special Fund had a balance of \$549,998.65. Cash income received for Agricultural Enterprises, including deposits in transit, totaled \$3,199,449.19.

MPAE completed construction of the feed mill during FY 2002 year. The three 42,000 bushels grain bins are used for on-farm storage of corn grown by MPAE and is utilized by the feed mill. This is a cost savings on outside storage and trucking fees. The total cost of the feed mill was \$864,394.81. During FY 2008 the feed mill produced over 18 different feed rations for hog and chicken consumption. They produced 5,301 tons at a price to livestock of \$1,062,785.

The work staff includes 18 positions. At the present time 15 positions are filled and MPAE has five (6) contract employees.

Treatment Programs Alcohol and Drug

Mission Statement: The mission of the Alcohol and Drug (A&D) Program is to provide treatment and rehabilitation services to offenders who have a history of substance abuse problems or who commit alcohol and drug related crimes. The goal is to correct the offender's attitude and behavior that supports criminal thinking.

Mississippi State Penitentiary

Unit 30 A-B: The Alcohol and Drug Therapeutic Community Treatment Centers (ADTC-TC) at Unit 30 total 432 therapeutic community treatment beds. Unit 30 consists of two housing buildings (Buildings A and B), with two housing zones in each of the two buildings (Zones A & B). Each housing zone accommodates 108 offenders. Adjacent to each housing building is clinical staff office space. Group rooms and classrooms are in the Unit 30 compound.

The Therapeutic Community Program is a long-term program only. Offenders must have at least six to thirty months remaining on their sentence to enter the program. The goal is to provide a continuum of care whereby treatment begins in the Alcohol and Drug Therapeutic Community to the Pre-Release Program, continues further if the offender is released to Intensive Supervision (House Arrest) with recommendations to continue treatment in the community.

Unit 28: This is a long-term A&D Treatment Program for Special Needs (i.e., HIV/AIDS) offenders who are within six to thirty months of their earliest release date. This program began operation as a Therapeutic Community in April 2002. Prior to that, it operated as a 12-week program.

Unit 31: This is a traditional 12-Week A&D Program based on the principles of Alcoholics Anonymous offered at Unit 31 for Special Needs (Disability) offenders.

Unit 25: The Pre-Release/Job Assistance Alcohol and Drug Therapeutic Community After Care Program at Unit 25 has a total of 60 treatment beds. The program's goal is to provide soon-to-be released offenders with techniques that will enhance their sobriety, employability, social and human relation skills.

Central Mississippi Correctional Facility

This is a 12-week traditional Alcohol and Drug Treatment in operation for female offenders at the Central Mississippi Correctional Facility (CMCF). A long-term (6 months to 12 months) Residential Substance Abuse Treatment Program (RSAT) is also available at CMCF for female offenders. In addition, a 12-week Treatment Program is also available at CMCF for Special needs (disabled) male offenders.

South Mississippi Correctional Institution

A traditional Alcohol and Drug Treatment Program was started in June 2000 at the South Mississippi Correctional Institution (SMCI), Leakesville, Mississippi, for general population offenders. This program is 12 weeks in duration. It was started primarily

for Judicial Review cases that do not have six months remaining on their sentences upon entry to the Central Mississippi Correctional Facility (CMCF), Pearl, Mississippi, the point of entry for inmates into the Mississippi Prison System. This program also serves parole and ISP offenders. In addition, SMCI provides an Alcohol and Drug component in the Regimented Inmate Discipline (RID) Program. In September 2005, a long-term (6 months) program was started for general population offenders. In July 2006, a short-term (12 weeks) A&D program was implemented for CWC returnees. The CWC program has been changed to 4 weeks in duration.

Community Pre-Release Centers

The Residential Substance Abuse Treatment (RSAT) Program is operated in the Flowood, Pike and Quitman Community Pre-Release Centers for offenders who are within six months to one year of release. The offenders provide work in the community during the day and attend Alcohol and Drug classes in the evening.

Flowood Community Work Center

A twelve-week A&D program is offered at the Flowood Community Work Center for female offenders who are expiring their sentence, paroling or are being released on ISP.

Community Work Centers

Alcohol and Drug Treatment Programs based on the principals of Alcoholics Anonymous are offered in 14 Community Work Centers. Offenders provide work in the community during the day and attend evening treatment sessions weekly.
