Dear Fellow Mississippians:

It is my distinct honor to present the Mississippi Department of Corrections (MDOC) Fiscal Year 2010 Annual Report. The report illustrates an in-depth profile of the state's felony population, along with the agency's many functions and operations.

Always striving to serve the state through efficient accountability, the agency has demonstrated fiscal discipline and innovation with more than \$107 million in savings and cost avoidances for the state over the past few years. MDOC continued the tradition of prudent accountability and excellence in public service during Fiscal Year 2010. Highlights of this effort include:

- ✦ The Mississippi Department of Corrections has reduced the recidivism rate from 34% to 30% in the last four years. This reduction has created an estimated annual cost avoidance of \$8,252,153 for the agency.
- ✦ MDOC has one of the lowest costs (\$40.67) per inmate/per day in the United States.
- ✦ While MDOC's population has increased by 28.9% since 2004, our expenditures have only increased by 18%.
- ✦ Offenders in the Community Work Centers contributed \$21,967,612 in free labor to local, county, state and non-profit charitable organizations throughout the state during Fiscal Year 2010. Offenders in the Joint County-State Work Programs also contributed \$16,826,300 in free labor to local, county, state and non-profit charitable organizations during the 2010 Fiscal Year.
- ✦ Educational programs offered to inmates resulted in 4,108 inmates successfully completing the following programs: General Education Development (GED) - 476, Vocational Trades - 426, Alcohol & Drug - 3,206.
- ✦ The Division of Victim Services (DVS) which began operation in November 2000 has registered 4,865 victims for services that include: notification prior to an inmate's release from incarceration; offender status; crisis intervention; Information regarding the Crime Victim Compensation Program and Crime Victims' Rights; liaison with law enforcement agencies and field officers; restitution matters; protective orders; harassment by offenders; support and assistance during victim/offender dialogue; meetings with the Parole Board; preparation/escort services during executions.

- ✦ The Mississippi Department of Corrections successfully secured a two-year \$500,000 federal grant to enhance the agency's current Statewide Automated Victim Information and Notification (SAVIN) program by adding multiple enhancements to the existing program. The enhancements currently being worked on will provide even more safety measures and ease of use for the crime victims of Mississippi.
- ✦ MDOC continues to be one of only 15 states that maintain American Correctional Association accreditation for all prisons, central office and correctional field services.
- ✦ All three (3) state prisons have been awarded National Commission on Correctional Health Care accreditation for meeting correctional healthcare standards and providing quality healthcare to offenders.

I am proud to be part of the outstanding Mississippi Department of Corrections team. As we set our sights forward, I pledge our ongoing commitment to serve the state with fiscal responsibility and to carry out our mission with vision and excellence.

Sincerely,

Christopher B. Epps
Commissioner

DIVISION

COMMUNITY CORRECTIONS

Programs

The Division of Community Corrections is charged with the supervision of offenders that are still under the jurisdiction of the state. The division conducts field supervision of offenders and oversees a variety of programs that afford offenders an opportunity to re-assimilate into the community. This Division is led by Deputy Commissioner Lora Cole.

Field Services

The Field Services component of the Division of Community Corrections is responsible for the supervision of offenders released on parole, intensive supervision (ISP), earned release supervision (ERS), medical release and those sentenced by the court to probation or ISP.

F.R.E.E. (Facing Reality Educationally and Emotionally)

The MDOC Division of Community Corrections has thirteen F.R.E.E. program coordinators located statewide that assist field officers in monitoring offender's treatment needs for substance abuse. In addition, program coordinators teach a structured life skills curriculum twice a month to assist offenders in other areas of their life that have been affected by their substance abuse problems.

Interstate Compact

The State of Mississippi participates in the Interstate Compact for Adult Offenders. Under the terms of the compact agreement, the Mississippi Department of Corrections (MDOC) provides courtesy supervision to probationers and parolees from other states in exchange for courtesy supervision of Mississippi offenders residing in other states.

Pre-Trial Diversion

The Pre-Trial Diversion program is an alternative to felony conviction in which a defendant voluntarily submits to supervision ranging from six months to three years. Charges against the offender may be dismissed if the period of supervision is successfully completed.

Intensive Supervision Program

The Intensive Supervision Program (ISP) is designed to provide a level of supervision in a community setting to offenders who would otherwise be incarcerated. Offenders are required to wear electronic monitoring equipment and are limited in most cases to employment, treatment, and worship services activities. Each offender in ISP maintains inmate status and can be immediately placed in an MDOC facility upon violation of the program.

Drug Testing

Community Corrections field officers are responsible for routine and reasonable suspicion drug testing of offenders and random drug testing of 15% of the offender population each month.

COMMUNITY CORRECTIONS

Programs

Restitution Centers

There are four Restitution Centers in Mississippi that assist residents in obtaining employment as a condition of their probationary sentence. Money earned by residents is distributed to crime victims for restitution, courts for court costs and fines, and MDOC for room and board. The remainder of the resident's wages, after taxes, goes to the resident's family or to the resident's holding account. Upon completion of the program, residents are transferred to a field officer and remain under supervision for the remainder of their probationary sentence.

Community Work Centers

The MDOC Community Corrections Division oversees 17 Community Work Centers throughout Mississippi. Minimum security inmates are assigned to these centers and are provided a gradual, re-introduction into community life. The program includes alcohol and drug counseling, Adult Basic Education and GED preparation, literacy classes and religious programs.

Each Community Work Center houses approximately 102 inmates that perform a wide range of labor at no cost to city, county and state government agencies and to school districts. This work ranges from community beautification projects to bridge and road work repair, vehicle maintenance, and water, sewer, and sanitation details.

Inmate Labor

The offenders that serve their sentences in Community Work Centers provide free labor to municipalities, counties and other state agencies. A sample of the work they perform includes highway beautification, facility maintenance, road work, and equipment maintenance. In FY 2010, the offenders in the community work centers provided entities with 3,053,285 total inmate hours, valued at minimum wage to equal \$21,967,612.05 in free labor. For the same 12 months the residents in the restitution centers provided entities with 18,201 total resident community service work hours valued at minimum wage to equal approximately \$131,000 in free labor.

Mississippi Prison Agriculture Enterprises

One mission of the farm program is to decrease inmate idleness and to cut budget costs for the taxpayer. During FY 2010 inmates worked 759,200 hours in the agriculture program.

For the crop year 2010 Agriculture Enterprises planted approximately 1,869 acres of vegetables, 115 acres of rice, 436 acres of corn, and 3,880 acres of soybeans.

The poultry facility is in full production with a 36,000-layer capacity. A total of 517,477 dozen eggs were delivered to MDOC food services with a non-cash value of \$512,937 in FY 2010.

In November 2009 a decision was made to discontinue the swine operation. Breeding was stopped the middle of November 2009. The swine operation weaned 702 litters averaging 7.84 pigs per litter with 5,501 pigs weaned. Nursery pigs and feeder hogs marketed totaled 6,661 for \$635,490. Mississippi Prison Agriculture Enterprises (MPAE) began shipping light hogs and cull sows to an outside processor in May 2001. There have been 714 processed with a processed weight of 125,746 that was donated to MDOC food service with a value of \$115,469 during FY 2010. The current inventory for finishing is 567.

The inventory of commodities carried over from FY 2010 had a value of \$296,395.50. This figure includes feed mill inventory, seed, fertilizer, and chemicals not expended during FY 2010.

Non-cash sales for FY 2010 vegetable, egg sales, and pork processed were \$1,969,879. The total pounds of vegetable non-cash sale for FY 2010 was 3,176,355. Egg sales consist of 517,477 dozen.

Vegetable value is based on the USDA Atlanta Market Report. All processed vegetables and eggs were provided to the MDOC Food Service Department. MPAE has sold eggs and vegetables to employees, some private correctional institutions and regional facilities to generate cash dollars of \$8,684.95.

On June 30, 2010, the Agricultural Enterprises Special Fund had a balance of \$165,794.61. Cash income received for Agricultural Enterprises, including deposits in transit, totaled \$2,596,856.06.

MPAE completed construction of the feed mill during FY 2002 year. The three 42,000 bushels grain bins are used for on-farm storage of corn grown by MPAE and is utilized by the feed mill. This is a cost savings on outside storage and trucking fees. The total cost of the feed mill was \$864,394.81. During FY 2010 the feed mill produced over 18 different feed rations for hog and chicken consumption. They produced 4,259 tons at a price to livestock of \$943,358.83.

The work staff includes 18 positions. At the present time 14 positions are filled and MPAE has five (5) contract employees.

Treatment Programs Alcohol and Drug

Mission Statement: The mission of the Alcohol and Drug (A&D) Program is to provide treatment and rehabilitation services to offenders who have a history of substance abuse problems or who commit alcohol and drug related crimes. The goal is to correct the offender's attitude and behavior that supports criminal thinking.

Mississippi State Penitentiary

Unit 30 A-B: The Alcohol and Drug Therapeutic Community Treatment Centers (ADTC-TC) at Unit 30 total 432 therapeutic community treatment beds. Unit 30 consists of two housing buildings (Buildings A and B), with two housing zones in each of the two buildings (Zones A & B). Each housing zone accommodates 108 offenders. Adjacent to each housing building is clinical staff office space. Group rooms and classrooms are in the Unit 30 compound.

The Therapeutic Community Program is a long-term program only. Offenders must have at least six to thirty months remaining on their sentence to enter the program.

Unit 29-A: This is a long-term A&D Treatment Program for Special Needs (i.e., HIV/AIDS) offenders who are within six to thirty months of their earliest release date. This program began operation as a Therapeutic Community in April 2002. Prior to that, it operated as a Long Term Program.

Unit 31: This is a traditional 12-Week A&D Program based on the principles of Alcoholics Anonymous offered at Unit 31 for special needs (disability) offenders.

Central Mississippi Correctional Facility

This is a 12-week traditional Alcohol and Drug Treatment in operation for female offenders at the Central Mississippi Correctional Facility (CMCF). A long-term program (6 months to 12 months) is also available at CMCF for female offenders. In addition, a 12-week Treatment Program is also available at CMCF for special needs (disability) male offenders.

South Mississippi Correctional Institution

A traditional Alcohol and Drug Treatment Program was started in June 2000 at the South Mississippi Correctional Institution (SMCI), Leakesville, Mississippi, for general population offenders. This program is 12 weeks in duration. It was started primarily for Judicial Review cases that do not have six months remaining on their sentences upon entry to the Central Mississippi Correctional Facility (CMCF), Pearl, Mississippi, the point of entry for inmates into the Mississippi Prison System. This program also serves parole and ISP offenders. In addition, SMCI provides an Alcohol and Drug component in the Regimented Inmate Discipline (RID) Program. In September 2005, a long-term (6 months) program was started for general population offenders. In July 2006, a short-term (12 weeks) A&D program was implemented for CWC returnees. The CWC program has been changed to 4 weeks in duration.
