MISSION STATEMENT

To enhance public safety by providing secure facilities and effective post-release supervision for offenders and ensuring a safe and professional work environment for staff while bringing accountability, innovation, and fiscal responsibility to the citizens of Mississippi.

VISION STATEMENT

The Mississippi Department of Corrections is a model professional agency that adheres to the values of integrity, honesty, and openness in all its practices. As correctional leaders, we believe the safety of the public is of paramount importance and fundamental to our mission. Recognizing that people make up organizations, we value all our employees and are committed to their professional development and well being. We are committed to assisting offenders in becoming productive, law-abiding citizens. As an agency, we provide excellence in public service and strive to continually improve.

CORE VALUES

INTEGRITY — In the behavior, actions, and decisions of our employees.

FAIRNESS — In the consistent treatment of employees, offenders, and our dealings with the public.

DEPENDABILITY — In doing those things that are necessary to fulfill our mission.

RESPECT — In our relationships with each other and those we serve.

COMPETENCE — In the performance of our duties and responsibilities.

OPENNESS — In all of our communications.

STATE OF MISSISSIPPI
DEPARTMENT OF CORRECTIONS

Dear Fellow Mississippians:

I am pleased to present the Mississippi Department of Corrections (MDOC) 2016 Annual Report. This report represents the scope and depth of the agency and its staff during fiscal 2016 (July 1, 2015 through June 30, 2016) and a statistical profile of the state's felony population from the oldest to the youngest, their types of crimes and lengths of sentences. What it doesn't capture in full detail is the work of the men and women charged with the care, custody, and control of those sentenced in the Mississippi courts for violent and nonviolent, drug, sex, and property crimes.

Each day, since I became commissioner in January 2015, I have been impressed with how hard the people in corrections work. Under my leadership, the department is undergoing monumental changes as it strives to continue excellence in public service.

I look forward to the challenges we face in the coming year. In particular, I know the MDOC's focus on re-entry and Community Corrections will increase because of the significant reduction in the inmate population. My administration is committed and ready to make a difference.

Sincerely,

Marshall L. Fisher

Marshall L. Fisher

Commissioner Marshall L. Fisher

Marshall L. Fisher has served as commissioner of the Mississippi Department of Corrections since Jan. 1, 2015. He oversees over 2,600 employees with a \$357 million budget for three state prisons, four private prisons, 15 regional facilities, 11 community work centers, three technical violation centers, and four restitution centers.

A reputed coalition builder who has worked in local, state and federal law enforcement, Fisher has years of experience in overseeing complex public safety issues.

When Gov. Phil Bryant named him commissioner, Fisher was state director for the Mississippi Gulf Coast High Intensity Drug Trafficking Area, where he was a liaison for drug task forces and area law enforcement agencies. Fisher accepted the federal post after spending nearly 10 years as the state's top narcotics enforcer.

He was executive director of the Mississippi Bureau of Narcotics from 2005-2014, acting as the senior advisor to the governor and the Mississippi Legislature on drug policy matters. During his leadership, Mississippi passed one of the toughest anti-methamphetamine laws in the country making pseudoephedrine prescription only. The state also became a model for the eradication of meth on the enforcement front, recording the largest methamphetamine bust in 2009.

Fisher led MBN after retiring from the Drug Enforcement Administration, where he once served as Agent in Charge of Mississippi DEA operations. During a DEA career that spanned two decades, he was assigned to field offices in Texas, Kansas, and Kentucky and DEA Headquarters in Washington, D.C., where he was section chief in the Office of Domestic Operations to Europe, Asia, Africa and Canada.

Accustomed to elaborate, high-risk domestic and international investigations, Fisher has coordinated joint operations involving the DEA, MBN, Immigration and Customs Enforcement, Federal Bureau of Investigation, Bureau of Alcohol Tobacco and Firearms, Mississippi Bureau of Investigation, Mississippi Highway Safety Patrol, and numerous other federal, state, and local law enforcement agencies.

During his DEA career, Fisher was recognized several times for outstanding, excellent performance. In 2010, he received the National Impact Award for his anti-methamphetamine efforts. He is the 2011 recipient of the Jim Ingram Lifetime Achievement Award and the 2015 recipient of the George Phillips Public Service Award.

Fisher started his law enforcement career as a police officer in Texas. He also served as a parole agent in Louisiana, his native state. He is a U.S. Navy veteran and a graduate of the University of Memphis. He holds a Bachelor of Arts degree in criminal justice.

He and his wife, Thelma, have two sons, Grady and Shane, both of whom work in federal law enforcement.

Accomplishments

Fiscal 2016 was a busy year with activities including, but not limited to:

COMMISSIONER'S OFFICE

Salary Realignment. All core specific positions received a realignment on July 1, 2015, and all other personnel received a cost-of-living adjustment (COLA).

Reorganization/Personnel Exemption. Legislative approval was obtained under House Bill 1498 to extend another year of exemption from the Mississippi State Personnel Board rules, regulations and procedures, effective July 1, 2016. Legislative approval was obtained during the 2016 Legislative Session.

Fiscal Accountability. State inmate population in regional jails were reduced starting in February 2016. Closure of three more community work centers (Alcorn County in November 2015, Yazoo County in March 2016, followed by Jackson County in April) bringing to 11 the number operating this fiscal year. Also, effective Aug. 1, 2015, a new Joint State County Work Program began, with the state paying only for inmate medical care. The Walnut Grove Correctional Facility in Leake County was closed later in the fiscal year largely because of budget constraints.

Revamped Training. Probation and parole agents received two days of tactical firearms training from the FBI. Training program for corrections officers was reorganized.

State Inmates' Removal. The MDOC removed state inmates from the Alcorn County Regional Facility on Oct. 29, 2015, for security reasons.

Prison Phone Calls Cost Drops. Effective, March 17, 2016, the cost of prison phone calls in Mississippi decreased by more than 50 percent. The cost per minute dropped from 22 cents per minute to 11 cents and associated fees are being eliminated or reduced.

Commissary costs reduced. In September 2015, commissary prices were cut by 24.44 percent.

New Inmate Welfare Committee. Two citizens and representatives from the Offices of the State Auditor and State Treasurer began assisting the MDOC in determining how to spend a special fund to benefit inmates. The Inmate Welfare Fund Committee was expanded from seven to nine members to include non-MDOC personnel under a new law that took effect July 1, 2015.

Fugitives Nabbed. In April 2016, offenders with outstanding warrants for various MDOC-related violations, including failure to report, fleeing supervision or failure to pay supervision fees, were caught in a special statewide roundup. The sweep netted at least 51 offenders. The department was assisted by multiple other law enforcement agencies.

ADMINISTRATION and FINANCE

Medicaid Reimbursement. The MDOC has an accumulated savings of \$31,016,445. From January 2009 through June 30, 2016 as a result of the Division of Medicaid paying for services provided to Medicaid eligible inmates. The MDOC reimburses Medicaid the state match portion of the provider statement.

Food Service Provider. The MDOC changed from purchasing its own food to contracting with the food service provider, resulting in a \$2.6 million savings during FY 2016.

INSTITUTIONS

New Program for Veterans. A Soldier On Veteran Program for incarcerated veteran offenders was established at Central Mississippi Correctional Facility (CMCF).

Prison-to-College Pipeline. Twenty-seven (27) offenders graduated the Prison-to-College Pipeline Program at the Mississippi State Penitentiary (MSP).

Free Inmate Labor. The South Mississippi Correctional Institution (SMCI) Offenders Mobile Work Crew worked 13,144 hours saving Greene County \$95, 294.

New A&D Program. A new Alcohol and Drug Program began at SMCI.

PREA Audit Completed. The Stone County Regional Correctional Facility and Kemper County Regional Correctional Facility each completed a PREA audit.

Accredited Educational Program. The Marshall County Correctional Facility's educational program was accredited by the Correctional Education Association Standard Commission.

COMMUNITY CORRECTIONS

Technical Violation Centers. Technical violation centers were moved from Institutions to community settings, locating in Simpson and Leflore counties Community Work Centers (CWC) (males) and Flowood CWC (females).

Probation and Parole Academy. All new agents must attend a Probation/Parole Agent Academy, in addition to training curriculum. The Principles of Effective Intervention (PEI) was added to the training curriculum as a pre-requisite to a new Risks Needs Assessment.

Offender Donations. Community Corrections offenders donated 200 new toys and canned goods to the Gulf Coast Women's Center for Nonviolence.

Accomplishments

Interstate Compact Audit. The latest Interstate Compact audit revealed the MDOC exceeds the national average in the acceptance of discretionary transfers into Mississippi (68% acceptance which is 11% higher than the national average).

PREA Accreditation. Accreditation was approved for Forrest CWC, George CWC, Greenwood Restitution Center, Harrison CWC, Pike CWC, Quitman CWC, Simpson CWC, Wilkinson CWC, Hinds Restitution Center, Pascagoula Restitution Center, Noxubee CWC, and Madison CWC.

INVESTIGATIONS

Smuggling ring dismantled. An inmate-led smuggling ring was dismantled during the fiscal year. The department announced in February 2016 that an investigation had revealed the inmate had been paying several people, including a corrections officer, to smuggle cell phones, chargers, spice, tobacco, and other items into prisons. Four women, including the corrections officer and the relatives of inmates, were arrested and a storage unit full of contraband seized.

Kevin May

Milton Williams Sr.

Polygraph Unit. A centralized Polygraph Unit started in 2016 as MDOC began conducting polygraphs for every employee hired and those eligible for promotions. Two full-time polygraphers, Kevin May and Milton Williams Sr., with well over 45 years of combined law enforcement experience, man the unit.

MEDICAL

The MDOC creates health contract with provider. Centurion of MS was awarded the contract for onsite inmate healthcare after a competitive procurement process.

Resources expanded in caring for HIV positive inmates. Use of the University of Mississippi Medical Center (UMMC) telemedicine for infectious disease specialist care was expanded to HIV positive inmates housed in the privately-operated correctional facilities (in addition to the three state correctional facilities).

Medical Departments Receive Re-accreditation. The medical departments of CMCF, MSP, and SMCI were reaccredited by the National Commission on Correctional Health Care (NCCHC).

Mental Health Director Position Created. A mental health director was appointed to oversee inmate mental health programs.

Mental Health Training Implemented. Statewide mental health training was implemented across the six correctional facilities housing mental health patients.

Staff Receives MRT training. The use of Moral Reconciliation Therapy (MRT) was implemented in the Alcohol & Drug program and staff received training for the MRT program.

A&D Graduates Complete Program. Inmates completing the Alcohol & Drug program numbered 299 at MSP; 170 at CMCF; and 386 at SMCI.

Medical Releases Granted. Six inmates were released on Conditional Medical Release.

LEGAL

Role of Judges in Parole Recommendations. In 2015, the Mississippi Legislature passed House Bill 1267, which clarifies the role of judges in parole recommendation cases after inmates serve 25 percent of their time for non-violent crimes. Legal worked closely with judges, district attorney, and MDOC staff, including ILAP, and Community Corrections, regarding understanding and implementation of the new law.

Following the passage of Senate Bill 2804, legal worked closely with Human Resource and the Mississippi State Personnel Board to ensure all rights of MDOC employees were protected during the time of transition, realignments, and organizational improvements. The new law exempted MDOC from the state Personnel Board procedures.

COMMUNICATIONS

Social Media. The MDOC re-activated its Facebook account and created a Twitter account in August 2015. By the end of the fiscal year, the number of followers on Facebook were estimated at 15,000.

Victim Registration and notification. There were 29,086 new VINE (Victim Information and Notification Everyday) registrations, bringing the total VINE registrations to 79,784 as of June 30, 2016. There were 1,702,126 searches and 87,025 VINE notification releases. The Division of Victim Services registered 2,012 victims during the fiscal year.

Administration and Finance

Deputy Commissioner Administration and Finance

Rick McCarty

(601) 359-5682
633 N. State Street
Jackson, MS 39202-3097

Rick McCarty serves as the Deputy Commissioner of Administration & Finance.

Prior to his appointment to Deputy Commissioner, McCarty was the fiscal comptroller for the agency. McCarty has worked for MDOC since June 1989 and since January 1999 in his current position.

McCarty received a Bachelor of Science in accounting degree from Belhaven College in 1983. After graduation, he worked in the field of public accounting. He received his license as a certified public accountant in 1986 and is a member of the Mississippi Society of Public Accountants.

Some of his accomplishments at MDOC include:

- Implementation of a fully automated perpetual inventory system for all agency warehouses.
- Coordination of the Statewide Automated Accounting System.
- Implementation of the Statewide Inmate Banking and Commissary System for which the agency won the 2000 Award for Creative Excellence from the National Association of Governmental Administrators.

Community Corrections

Deputy Commissioner Community Corrections

Christy Guthertz

Christine “Christy” M. Guthertz was appointed Deputy Commissioner of Community Corrections in January 2015. Prior to this appointment, she had served as the Community Corrections Director (CCD) for Region II since 2003. She has worked in numerous capacities throughout her tenure with the Mississippi Department of Corrections (MDOC). She also worked five years with Keeton Corrections, as a case manager and a facility director.

Guthertz began her career as a case manager at the Central Mississippi Correctional Facility (CMCF) in Rankin County. From there, she transferred to Community Corrections as a case manager in a community work center. She has also worked as a probation/parole officer in Rankin County. Guthertz left MDOC to work for Keeton, where she distinguished herself as “Director of the Year” in 2005. Upon returning to MDOC, she worked as a special projects officer and a compliance officer before being appointed as a CCD.

Guthertz is a graduate of Delta State University in Cleveland, Miss., with a Bachelor of Science degree in criminal justice. She is a charter member of the Mississippi Association of Drug Court Professionals (MADCP), serving as president from January 2005-May 2006; a member and past president of the Mississippi Association of Professionals in Corrections (MAPC); a member of the American Probation and Parole Association (APPA); and a member of the American Correctional Association (ACA). She received the MAPC President’s Award in 1999 and 2000.

Guthertz completed the Certified Public Managers Program in June 2003. She has served as a board member and advisory board member for several community organizations in the Jackson area. She has provided training for Leadership Jackson, the MAPC and the MADCP.

Community Corrections includes work centers, restitution centers, technical violation centers, and transitional housing. Also, it is charged with the supervision of individuals who serve their sentences in the community through the following types of releases — house arrest (the Intensive Supervision Program), probation, parole, medical release, and earned release supervision (ERS).

FACILITIES

Community Work Centers

There are 11 community work centers. Minimum security offenders are assigned to these centers and are provided a gradual re-introduction into community life. The centers provide alcohol and drug counseling, adult basic education (ABE) and GED preparation, literacy classes, and religious program. Offenders perform a wide range of labor at no cost to city, county and state government agencies and school districts. This work includes community beautification projects, bridge and road work repair, vehicle maintenance, water and sewer, and sanitation details.

Restitution Centers

The state's four restitution centers assist individuals under the supervision of the state in obtaining employment as a condition of their probationary sentence. They are located in Greenwood, Flowood, Jackson, and Pascagoula. Money earned by residents is distributed to crime victims for restitution, courts for court costs and fines, and the MDOC for room and board. The remainder of the wages, after taxes, goes to the residents' families or the residents' holding account. Upon completion of the program, the residents are referred to a probation/parole agent for supervision and remain with the officer for their probationary sentence.

Harrison County Community Work Center

Technical Violation Center

There are three technical violation centers — males are housed at the Simpson TVC (Simpson County) and Leflore TVC (Leflore County) and females only at the Flowood Community Work Center in Rankin County. The centers were created under House Bill 585, which took effect July 1, 2014. Individuals are sentenced to a TVC for an act or omission that violates a condition or conditions of being placed on community supervision (parole, probation or post-release supervision). The TVC is designed to address the underlying factors leading to the violation, including substance abuse.

Transitional Programs

Unlike a technical violation center, transitional centers house offenders released from the Department of Corrections on parole, probation or post-release supervision who need temporary housing and services that reduce their risk to re-offend. The MDOC contracts with Crossroads Outreach Ministries in Madison for females only and New Way Mississippi Inc. in Jackson for both males and females.

SUPERVISION

Probation

Probation is an alternative to incarceration. A circuit judge has the sole authority to order probation for a defendant. Individuals sentenced to probation must successfully complete the requirements imposed by the court.

Parole

Parole is a form of early release from incarceration. Multiple factors are taken into consideration such as type of offense, institutional conduct, and participation in rehabilitative programs. Whether or not an offender is released early to parole is within the complete discretion of the Mississippi State Parole Board.

The Probation & Parole Division is responsible for supervising offenders serving sentences in the community in three regions (North, Central, and South). Each region has a Community Corrections Director (CCD), and that person reports directly to the Deputy Commissioner of Community Corrections.

Intensive Supervision Program

The Intensive Supervision Program (ISP), commonly referred to as house arrest, provides supervision in a community-setting rather than incarceration. Only a judge can place an individual on house arrest. Offenders are required to wear electronic monitoring equipment and are limited in most cases to employment, treatment, and worship services activities. Each offender maintains inmate status and can be immediately placed in an MDOC facility upon violation of the program.

Earned Release Supervision

Earned Release Supervision is a program whereby an individual eligible under applicable state law, including Mississippi Code § 47-5-138 through § 47-5-140, may earn their conditional release to community supervision through good behavior and performance requirements of the earned time allowance program. Once the individual has met the requirements for release, a Probation and Parole agent conducts a residence investigation. The residence must be approved prior to release. ERS offenders retain inmate status. The period of ERS is conducted in the same manner as time on house arrest.

Medical Release

State law (§ 47-7-4) permits inmates with serious medical conditions to be transferred under certain conditions to Community Corrections. The commissioner and the chief medical director may place a nonviolent offender on conditional medical release regardless of time served.

ALTERNATIVES TO INCARCERATION

Drug-Court

Drug court is a specialized court that handles cases of offenders with drug and alcohol dependency. It seeks to rehabilitate offenders through treatment and intense supervision with frequent court appearances and random drug testing. It offers the incentive of a chance to remain out of prison and be employed. However, participants can be sanctioned with a prison sentence, if they fail to remain drug-free and comply with all program requirements.

Pre-Trial Diversion

The Pre-Trial Diversion Program is an alternative to a felony conviction. A defendant voluntarily submits to supervision ranging from six months to three years. Charges against the individual may be dismissed, if the period of supervision is successfully completed.

DRUG TESTING

Drug testing is performed in both residential facilities and for those on community supervision. Correctional Officers and Probation & Parole Agents are responsible for drug testing offenders, either routinely or based on suspicion. Random drug testing of 10% of the offender population is conducted each month.

INTERSTATE COMPACT

Mississippi participates in the Interstate Compact for Adult Offenders. Under the terms of the compact agreement, the MDOC provides courtesy supervision to probationers and parolees from other states in exchange for courtesy supervision of Mississippi offender residing in other states.

PROGRAMS

Thinking for a Change (T4C)

Thinking for a Change is cognitive behavioral therapy model that has been proven to be effective in changing criminological thinking patterns. Thinking for a Change classes are now being offered not only in Institutions but also in Community Corrections.

Alcohol and Drug Treatment

Alcohol and drug treatment programs are provided at several community-based residential facilities.

Education

Adult-based education and GED programs are provided at several community-based residential facilities.

Resource Assistance Program (R.A.P.)

There are 26 R.A.P. program coordinators statewide to assist probation & parole agents in monitoring offenders' treatment needs, employment, housing and additional barriers to their successful re-entry.

INMATE LABOR

In FY 2016, the offenders in the community work centers provided municipalities and non-profits in 16 counties with 1,782,068 total inmate hours, valued at \$12,919,993 (at minimum wage) in free labor.

Deputy Commissioner *Institutions*

Jerry Williams

Jerry Williams is the Deputy Commissioner of Institutions Division. He started with the agency as a correctional officer and has worked in both Community Corrections and Institutions. Prior to this assignment, he served in the following capacities for MDOC:

Deputy Commissioner of Community Corrections, Region III Community Corrections Director, Branch Director II-American Correctional Association (ACA) Manager for Community Corrections, Operation Management Analyst Principal at Central Office, and Correctional Commander, Correctional Supervisor/MDOC Liaison for Offender Health Care Services, Sergeant and Correctional Officer, all at the Central Mississippi Correctional Facility.

Williams is a graduate of Jackson State University in Jackson with a Bachelor's degree in sociology and a Master of Arts degree in sociology with an emphasis in criminal justice.

Williams has served on an advisory board for several community organizations and is an Executive Gold Member with the ACA.

Mississippi State Penitentiary

P.O. Box 1057
Parchman, MS 38738
662-745-6611

The Mississippi State Penitentiary (MSP) is the state's oldest institution, opening in 1901. It is located on approximately 18,000 acres at Parchman in Sunflower County. It has 3,590 beds, 58 support buildings and seven different housing units, ranging in size from 56 beds at Unit 42 (hospital) to 1,568 beds at Unit 29.

MSP houses all male offenders who are classified as protective custody, administrative segregation, administrative long-term segregation, and death row. The custody levels are minimum, medium, and close.

MSP offenders provide more than 100,000 hours of free offender labor each year to adjacent municipalities and counties, as well as assisting other state agencies.

Parchman holds a unique place in the prison system for reasons other than its age.

The majority of the farming activity involving Mississippi Prison Agricultural Enterprises (MPAE) happens at MSP. MPAE supplies food to Parchman and the other two state prisons, 11 community work centers and four restitution centers.

MSP is also home to Mississippi Prison Industries Corp. (MPIC)'s work program for textile and metal fabrication.

Additionally, unlike the other two state prisons, MSP has its own hospital. Health care is contracted through Centurion Mississippi, LLC, which provides medical services 24 hours a day. The hospital is a licensed, full-service facility.

Other special features of Parchman are the execution chamber and the pauper's cemetery. All offender executions are held at Unit 17. Inmates whose families cannot afford to bury them or those who do not have family members to claim their remains are buried on two acres. Records show that the first burial occurred in 1930.

Programs offered at MSP include therapeutic recreation, religious programs, independent study and tutorial programs, pre-release, faith based program, alcohol and drug program, ABE/GED programs, Administrative Remedy Program (ARP), PACT, agri-business, auto body and fender, auto mechanics, carpentry, diesel mechanics, communications systems installer, heating, air conditioning and refrigeration, industrial electricity, marine maintenance, welding, and culinary arts.

Mississippi Prison Agricultural Enterprises

Agricultural Enterprises, a division under Institutions, is responsible for the farming operations at Mississippi State Penitentiary (MSP) in Parchman and South Mississippi Correctional Institution (SMCI) in Leakesville. Most of the farming occurs at Parchman. Minimum custody inmates are given the opportunity to participate each year in planting, harvesting and processing the crops, including vegetables and fruits. The crops are shipped to MDOC facilities to feed inmates to help reduce food cost.

Some of the fruits and vegetables grown include blueberries, broccoli, butter beans, cabbage, turnip greens, mustard greens, English peas, sweet corn, green beans, okra, tomatoes, squash, watermelons, and field peas

The Mississippi Prison Agriculture Enterprise (MPAE) program leased 9,306.83 acres in Sunflower and Quitman counties for a total revenue of \$792,858.93. The amount brought the average rent per acre to \$87.03. MPAE farmed 4,681.43 acres in Sunflower County, growing soybeans and vegetables.

Soybean production was 26,777.17 total bushels. This average per acre was 5.72 bushels per acre with a revenue of \$188,953.87.

MPAE vegetable operation produced 1,059,000 pounds of vegetables on approximately 1,200 acres for processing to help feed the offenders and reduce food cost. The value of these donated food was approximately \$475,070. These prices are based on the Atlanta Market and billed to the food contract vendor. The MDOC takes a credit against the weekly invoice for the amount of these food items.

Central Mississippi Correctional Facility

P.O. Box 88550
Pearl, MS 39208
601-932-2880

The Central Mississippi Correctional Facility (CMCF) was established in 1986 and built on 171 acres in Pearl in Rankin County. The facility was expanded in 1996 and now includes 18 housing units and 10 support buildings to accommodate its current capacity of 3,506 offenders. CMCF is the first stop for individuals sentenced to the Mississippi Department of Corrections (MDOC). It provides initial orientation and classification.

Of the three State Prisons, CMCF is the only facility to house female offenders and youthful offenders. Its population consists of both male and female offenders of all custody levels (minimum, medium, and close) to include female offenders sentenced to death.

Youthful offenders are housed in a separate facility. The Youthful Offender Unit (YOU) opened on Dec. 12, 2012, as a separate, independent facility to serve individuals under the age of 18. It offers a wide range of programs to include academic classes, vocational programs, mental health counseling, psychological and psychiatric services in a group and individual basis, alcohol and drug treatment, social services, religious and recreational services.

Mississippi Prison Industries Corp. (MPIC) operates a commercial print shop; a Johnson & Johnson Clean Room, which provides cleaning and sterilization of suture spools for its suture manufacturing operations; and a metal fabrication shop.

Programs/services offered at CMCF include:

- Alcohol & Drug Treatment
- AA/NA
- Adult Basic Education
- Inmate Legal Assistance Program
- Pre-Release
- Religious Services
- Kairos Prison Ministry
- Bible Study
- Therapeutic Recreational Programs
- Veterans Program "Soldier On"
- Prison-to-College Pipeline Program
- Recidivism Reduction Program
- Academic & Vocational Programming
- Library Services

- Barbering & Cosmetology Services
- Family Dynamics Class
- Business Technology
- Apparel & Textile
- Mentoring and Tutoring
- Life Skills & Anger Management
- 1A Mental Health Program
- Art Therapy/Expressions
- Dance to be Free
- In 2 Work Food Service Program
- Prison Industry
- Lifers/Extended Sentences Program
- Gardening & Landscaping
- Family Visitation

Superintendent
Jacqueline Banks

South Mississippi Correctional Institution

P.O. Box 1419
Leakesville, MS 39451
601-394-5600

The South Mississippi Correctional Institution (SMCI), established in 1989, is the newest state prison in Mississippi. It is the first prison in the state to receive accreditation from the American Correctional Association and the National Commission on Correctional Health Care.

SMCI sits on 360 acres at Leakesville in Greene County. It has 16 housing units and a maximum 3,082 beds. Men classified as minimum, medium, and close custody are housed there as well as those in protective custody and long-term segregation.

SMCI provides free inmate labor to Greene County and adjacent municipalities and assists other state agencies. Inmates are assigned to the Greene County Road Crew and a mobile work crew.

Inmates can also work in the blueberry operations. The orchard was started at the prison in 2006 as a way to address inmate idleness and to teach inmates a trade skill in the blueberry industry. The blueberries help reduce food cost and serve as a healthier menu option.

Programs offered include adult basic education, alcohol and drug, religious programs, vocational programs, inmate legal assistance, pre-release, and therapeutic recreation. The SMCI Education Department offers both Adult Basic Education (ABE) and General Educational Development (GED). Students have access to a full-time counselor. The alcohol and drug program is both short term (12 weeks) and long term (six months) with individual and group counseling for treating alcohol and drug addictions. Other than alcohol and drug education, the classes and groups cover relapse prevention, coping skills, life skills/re-entry and post release, interview skills, anger and stress management, depression management, anxiety management, communication, and relationship skills. Upon successful completion, offenders are awarded a certificate. Services are also provided for community work center offenders and those in SMCI administrative segregation and protective custody units.

The Chaplains Department is responsible for all religious activities at SMCI. In addition to regularly scheduled religious programs, Bible classes are offered whereby the inmates may study together. The department has a pastoral and crisis ministry which includes spiritual guidance counseling during a crisis or grieving period. Chaplains also provide marriage counseling and coordinate the marriage process of those incarcerated. Additionally, this department is responsible for interviewing, training, and supervising volunteers providing a variety of services.

The Vocational Technical Department offers five programs (auto body, auto mechanics, electrical, plumbing and pipefitting, and welding) that enable offenders to become productive citizens after release. The length of each program is 1,300 hours to 2,650 hours. GED classes and tutoring are available at night. Offenders can obtain employment skills through Mississippi Prison Industries Corp's clothing manufacture operations.

Through the state's contracted healthcare vendor, Centurion, LLC provides onsite medical services to its offenders and those at the regional facilities in south Mississippi. These onsite services include, but are not limited to, emergency care, infirmary care, dental, optometry, clinical, and pharmaceutical services. Specialty care services are also available through a network of off-site contracted hospitals and specialty care providers.

Alcohol and Drug Treatment Programs

The mission of the Alcohol and Drug (A&D) Program is to provide clinical treatment and rehabilitation services to individuals who have co-occurring mental health conditions or who have committed an alcohol and/or drug crime(s). The goal is to address the substance use disorder using evidence-based curriculums (e.g., Cognitive Behavioral Therapy, Dialectical Behavioral Therapy, 12-step facilitation, mindfulness, meditation classes, Betty Ford On Demand Living in Balance Curriculum, art therapy, along with psychoeducation about drugs of abuse and clinical treatment team meetings) aimed at correcting ineffective behaviors and unhelpful thought patterns. The services are provided to offenders who are court ordered to alcohol and drug treatment, parole pending completion, Intensive Supervision Program, MDOC referral or volunteer.

The Alcohol and Drug Program also provides re-entry referrals to offenders discharging for primary and secondary A&D treatment facilities, Alcoholics Anonymous, Narcotics Anonymous and Cocaine Anonymous meetings and home placement recommendations. In most cases, through interdisciplinary treatment team meetings and planning, offenders are offered tailored transition plans prior to discharge from our treatment programs.

A&D Programs in Facilities

Mississippi State Penitentiary provides a long-term program for offenders with at least six to 30 months remaining in their sentence. The Alcohol and Drug Therapeutic Community Treatment Center units house 100 therapeutic treatment beds, group rooms and classrooms with clinical staff office space adjacent to each housing unit.

Central Mississippi Correctional Facility provides both a 12-week traditional A&D program and a long-term program (6 months to 12 months) for female and male offenders. In addition, a 12-week treatment program is available for special needs (disability) male offenders. The traditional 12-week A&D program based on principles of Alcoholics Anonymous is provided for special needs (disability) offenders at Central Mississippi Correctional Facility. A 12-week basic A&D psychoeducation program is provided to eligible offenders housed in high risk, lockdown, and protective custody units.

South Mississippi Correctional Institution provides both a traditional 12-week A&D program and a long term (six month) program for general population offenders.

The Residential Substance Abuse Treatment (RSAT) Program is operated in the Flowood, Pike and Quitman Community Pre-Release Centers for offenders who are within six months to one year of release. The offenders provide work in the community during the day and attend A&D clinical treatment in the evening.

The Flowood Community Work Center offers a 12-week A&D program for females who are completing their sentence, or are being released to community supervision.
