MISSION STATEMENT

To enhance public safety by providing secure facilities and effective post-release supervision for offenders and ensuring a safe and professional work environment for staff while bringing accountability, innovation, and fiscal responsibility to the citizens of Mississippi.

VISION STATEMENT

The Mississippi Department of Corrections is a model professional agency that adheres to the values of integrity, honesty, and openness in all its practices. As correctional leaders, we believe the safety of the public is of paramount importance and fundamental to our mission. Recognizing that people make up organizations, we value all our employees and are committed to their professional development and well being. We are committed to assisting offenders in becoming productive, law-abiding citizens. As an agency, we provide excellence in public service and strive to continually improve.

CORE VALUES

INTEGRITY — In the behavior, actions, and decisions of our employees.

FAIRNESS — In the consistent treatment of employees, offenders, and our dealings with the public.

DEPENDABILITY — In doing those things that are necessary to fulfill our mission.

RESPECT — In our relationships with each other and those we serve.

COMPETENCE — In the performance of our duties and responsibilities.

OPENNESS — In all of our communications.

STATE OF MISSISSIPPI

DEPARTMENT OF CORRECTIONS

PELICIA E. HALL, Esq.
COMMISSIONER

Dear Mississippian:

Welcome to the 2018 fiscal annual report of the Mississippi Department of Corrections.

Inside is a snapshot of the programs and activities for the period from July 1, 2017 to June 30, 2018.

The MDOC was allocated \$309,935,445 in general funds and \$24,922,859 in special funds under Senate Bill 2965 for FY 2018.

The funds were used for the care, custody, and control of 20,942 offenders, including 19,534, as counted in the incarcerated population, and nearly 30,000 on active supervision. The incarcerated persons ranged in age from 15 years of age to more than 80 years of age.

Agents supervise a typical caseload of 28,652 per month on several different types of releases in the community, including parole, probation, house arrest, earned release supervision, and medical release. They collected \$13,155,904.76 in supervision fees. Individuals assigned to the community work centers saved counties potentially \$8.3 million in labor costs.

Individuals are being prepared not only to leave with adult basic education credentials or a GED but also to have career awareness skills, such as resume writing, interview techniques and problem-solving skills. MDOC offers vocational programs that are associated with national certification, such as heating, ventilation and air conditioning (HVAC), carpentry, welding, electrical and welding in which certification is available through the National Center for Construction Education and Research. In January (2018), we kicked off an initiative to identify employers in all 82 counties to provide second-chance employment opportunities to returning citizens. Then on June 21, the department held its first re-entry symposium at Christ United Methodist Church to discuss best practices for re-entry and to identify resources in the community to address employment, housing, higher education and alcohol & drug treatment.

In addition, the department is hosting resource fairs at the three state prisons to provide our incarcerated residents one-on-one meetings with representatives. Plus, we are increasing the number of Thinking for a Change programs.

All in all, I am proud of the many activities underway at the MDOC and the many partnerships we are forming to help us provide meaningful rehabilitation and to continue the criminal justice reform started in 2014. I am prouder of the MDOC staff as we work together to progressively move the MDOC forward. I trust you will find these pages informative.

Sincerely,

Pelicia E. Hall

MDOC Commissioner

Commissioner Pelicia E. Hall

Pelicia E. Hall is Mississippi's first female commissioner of corrections. Gov. Phil Bryant appointed her in March 2017.

She leads one of state government's largest agencies. She oversees more than 2,000 employees and more than 30 facilities, including three state prisons, three private prisons, 15 regional facilities, 10 community work centers, two technical violation centers, and two restitution centers. Corrections' budget for fiscal 2018 is \$334.8 million.

Hall served as chief of staff at the Mississippi Department of Corrections two years before her appointment. She came to corrections after serving as lead counsel for the Mississippi Bureau of Narcotics. She took the MBN job after having represented the state for three years as a Special Assistant Attorney General with the Office of the Mississippi Attorney General.

Before litigating cases on both the state and federal levels, she was a law clerk for the U.S. Attorney's Office for the Southern District of Mississippi and the Hinds County Circuit Court.

Hall has nearly 20 years of legal experience in the government and private sectors in a wide variety of disciplines. She is admitted to practice in both state and federal courts.

Hall began her government career after six years with the private law firm of Page, Kruger & Holland, P.A. in Jackson, where she litigated cases involving personal injury claims, employment discrimination, contract disputes, products liability, premises liability, insurance coverage, and general tort litigation.

Hall is a member of the Mississippi Bar Association, the National Bar Association, Magnolia Bar Association, Capital Area Bar Association, Mississippi Women Lawyers Association, American Bar Association, American Correctional Association, Association of State Correctional Administrators, and Association of Women Executives in Corrections.

Hall earned a Juris Doctor degree from Mississippi College School of Law and a Bachelor of Arts degree from Alcorn State University, where she majored in political science/pre-law.

The Metro Jackson Black Women Lawyers Association recognized Hall as a Legal Trailblazer in 2017. She is a proud native of Shubuta in Wayne County.

Accomplishments

A review of Fiscal 2018 include, but not limited to, the following:

COMMISSIONER'S OFFICE

Wellness Initiative. A staff wellness plan was created to help improve employees' health and to provide resources to encourage a healthy lifestyle given the dangerous nature of working in corrections.

Operation Zero Tolerance. Zero tolerance for contraband in all facilities remains in force through random major shakedowns in addition to regular searches.

Fiscal Responsibility. Contracts with regional jails were adjusted to contractual levels to erase deficit spending in the regional program.

Lower incarceration costs. The cost per day for housing an individual in the three state prisons dropped to its lowest level since FY 2015.

Fallen Officers. The agencies' fallen officers were honored in a centralized program at Central Mississippi Correctional Facility in May for the first time in more than a decade.

ADMINISTRATION and FINANCE

Certified Purchasing Office. The MDOC received designation as an approved certified purchasing office.

Medicaid Reimbursement. The MDOC has an accumulated savings of \$34,050,064 from January 2009 through June 30, 2018, as a result of the Division of Medicaid paying for services provided to Medicaid eligible inmates. The MDOC reimburses Medicaid the state match portion of the provider statement.

USDA GAP Certification. The Agricultural Enterprise Director became USDA GAP certified allowing the agency to sell its blueberries on the open market.

In 2 Work Program. The MDOC partnered with its food service provider to provide a vocational training where inmates are trained in the food service industry. Upon completion of the program the inmate will be ServSafe certified, a nationally recognized certificate.

INSTITUTIONS

Inmate Phone Call Price Decrease.

In March, the department announced that the cost of inmate phone calls was decreasing from 11 cents per minute to .039 per minute in March under a new agreement with Global Tel*Link (GTL) Corp.

Faith-Based Graduation. Fourteen inmates were awarded associate and bachelor's degrees in Christian Ministry at the Mississippi State Penitentiary (MSP)'s Faith-Based Initiative Program. They met the requirements of the fully accredited program taught through Leavell College of New Orleans Baptist Theological Seminary.

Greenhouse Tomato Project. Incarcerated men at MSP harvested about 8,000 pounds of tomatoes grown in a greenhouse operation. The department revived use of two greenhouses last used about 15 years ago.

Special Visitation. Incarcerated mothers at the Central Mississippi Correctional Facility (CMCF) enjoyed a special time with their children through a new program introduced Sept. 20. Up to 70 children and 45 incarcerated persons enjoyed the special visitation under “Mom’s Day.” Only persons who followed prison rules continuously for one year could participate.

Trusty Living Quarters. Special living quarters have been made available for incarcerated females who are well-behaved and require minimum supervision. Female trusties also must participate and assist tutors with facility work and program activities.

Lifer’s Program. The CMCF 1A Lifer’s Program kicked off in February 2018 for individuals serving life or 20 or more years with no rule violations. Phase one curriculum includes journaling, life skills, anger management, coping with prison life, and mentoring. The second phase teaches mentoring skills.

Savings From Inmate Labor. Incarcerated persons assigned to the South Mississippi Correctional Institution’s Mobile Work Crew and the Greene County Road Crew saved the community more than \$100,000 collectively. During the fiscal year, 1,706 inmates worked 13,648 hours valued at \$98,948. The mobile work crew resumed operations in January 2018 and by June 30, 468 inmates had worked 3,744 hours valued at \$27,144.

Specialized Training Classes. The Central Office Staff received specialized training classes in Title VII, Mental Health 101, Compassion Fatigue, CPR, Stress Awareness, and HIV/AIDS Awareness.

PREA Accreditation. East Mississippi Correctional Facility received PREA accreditation.

Anne Moody Project. Wilkinson County Correctional Facility Chaplain Roscoe Barnes III began the Anne Moody History Project to preserve the legacy of author and civil rights activist Anne Moody’s whose memoir *Coming of Age in Mississippi* is a part of Mississippi’s history.

Special Occasion Cards for Nursing Homes. More than 1,000 offenders at EMCF made special occasion cards for local nursing home residents.

ACA Accreditation. Yazoo County Regional Correctional Facility received its third ACA accreditation.

Improved Oversight of Inmates. At Stone County Correctional Facility, a yard tower was constructed for better viewing of inmate outdoor activities. Tiger Booking System was also installed with scanners to monitor inmate movement and reduce paper files.

Jail to Jobs. At Alcorn County Regional Correctional Facility, graduations were held for 15 inmates who completed the Jail to Jobs course preparing them for re-entry to society.

Thinking for a Change Classes. Thinking for a Change classes are available through the Pre-Release programs at the state institutions as well as the Alcohol and Drug Programs and educational programs.

Accomplishments

COMMUNITY CORRECTIONS

Thinking for a Change Increase.

Thinking for a Change classes were available in all three regions. A total of 18 classes were held, producing 179 graduates. Both the number of classes and graduates increased over the previous year and were the greatest number since the first class was held in fiscal 2013. There were eight more classes and 71 more graduates than the previous year.

MDOC-Sponsored Transitional Housing.

The Transitional Program at the Noxubee County Community Work Center held its first graduation on Aug. 3. The pilot program, which started May 2, graduated 24. Mississippi State University partners with the MDOC to mentor participants and teach life skills, including resume writing.

Anti-Litter Campaign. Many parks, highways, city streets and county roads in Mississippi are litter free thanks to individuals on supervision using their weekends to bag litter under a beautification initiative MDOC started statewide in the first half of the fiscal year. More than 3,000 bags of trash had been removed before June 30, 2018.

New Risk/Needs Assessment. The New Risk Assessment and Needs Questionnaire tool was implemented to gather data for validation purposes.

Consolidated Technical Violation Center.

The Delta Correctional Facility re-opened in April 2018 as the male Technical Violation Center (TVC) with a community work center and a restitution center program as a result of the closures of the Greenwood Restitution Center, Washington County Community Work Center and the Leflore County and Simpson County TVCs.

Program Resumes. Flowood Community Work Center resumed its GED program and the short-term Alcohol and Drug Program resumed at Wilkinson County Community Work Center.

Donations/Acts of Kindness.

Employees and offenders worked together to bring holiday cheer to dozens of children, families, and the elderly. For example, Monroe County agents donated toys to up to 200 children of offenders. Agents and offenders on their caseloads donated \$350 worth of gift cards to the Harrison County Youth Court. Children at the Berean Children's Home in Lincoln County received 16 new bikes.

TECHNOLOGY and PROGRAMS

82 Counties in 82 Days Initiative. Beginning January 2018, department personnel visited 82 counties to identify employers open to providing second-chance employment opportunities for returning citizens. The reaction/response was varied. Many employers already have been providing employment opportunities to probationers, parolees, along with others with prior conviction(s). However, some companies do not hire anyone with prior felony convictions. From the initiative, the department is focusing its training on the skills identified by those employers who are willing to participate and expanding those partnerships across the state.

Smart Start Curriculum. MDOC began offering the Smart Start curriculum at its three state prisons. Smart Start was implemented in Pre-Release in 2018, but existed only in adult education and vocational programs before that time. The program teaches career awareness skills such as resume writing, interview strategies, financial literacy, work ethics, interpersonal communications, and problem solving skills. Candidates may then prepare for a nationally recognized certification honored by employers that focuses on basic job skills in applied math, workplace documents, and graphic literacy. Employers value SMART Start certifications.

Expanded Pre-Release Programs. The South Mississippi Correctional Institution (SMCI) in Greene County held its first pre-release graduation on Aug. 31, 2017. The Pre-Release Program was expanded from the Mississippi State Penitentiary at Parchman. The first class, which began Feb. 6, 2017, graduated 53 men. The Central Mississippi Correctional Facility began its program on Feb. 1, 2018, with five men and 14 women.

Resource Fairs.

Resource fairs were hosted at the three state prisons and in the community to provide offenders one-on-one meetings with representatives from businesses and organizations to learn about resources after release. SMCI held its first resource fair on Oct. 11 and a second one on June 6, 2018. MSP held its first resource fair on Nov. 16 and another one on June 28, 2018. CMCF's first resource fair occurred on June 14, 2018.

First Graduates of MS Co-Occurring Re-Entry Program. Six men graduated the pilot MS Co-Occurring Re-entry Program in Hinds County. The program was funded by a \$647,461 Second Chance Act Re-entry Program for Adults with Co-Occurring Substance Use and Mental Disorders provide by the U.S. Department of Justice, Bureau of Justice Assistance.

INVESTIGATIONS

New intelligence unit. A Centralized Intelligence Unit began in July 2017 gathering intelligence from the inmate telephone system, confiscated cell phones, and other unnamed resources to support and complement the investigative unit.

Accomplishments

Re-Entry Symposium. On June 21, the MDOC held its first re-entry symposium. The gathering at Christ United Methodist Church in Jackson drew 425 people from all over the state and from the National Institute of Corrections (NIC). The symposium was a forum to discuss best practices for re-entry and also to identify resources in the community to address the prevalent issues of employment, housing, higher education, and alcohol & drug treatment. MDOC forged even more partnerships as a result of the symposium.

LEGAL

Major Criminal Justice Legislation. The legal team worked closely with the Legislature in the passage of House Bill 387. Provisions include use of technology portals, such as FaceTime and Skype, to meet reporting requirements, thus allowing the probation/parole agent to communicate more readily with individuals they supervise and improve the quality of supervision. It also clarified that revocations are based on the number of revocations and not the number of technical violations, thereby reducing those pending for the TVC; removed the prohibition on parole for crimes with enhanced penalties from 1995 to 2014, thus expanding those who qualify for parole. It gave judges the power to deviate from the mandatory minimum sentences for habitual convictions, thus potentially eliminating huge, disproportionate sentences for non-violent, victimless crimes; and created the Sentence Disparity Task Force, which tasked MDOC with providing and interpreting data so recommendations could be made to eliminate sentence disparity in Mississippi.

More and Improved Legal Training for Staff. Legal training was expanded and improved for MDOC staff to include employee issues, search and seizure laws, how to testify in court, House Bill 585, and ethics.

Improved rules violations process. The Rule Violation Report process was significantly improved by creating a detailed script for use in all hearings to ensure a fair and neutral decision. Also, guidelines were developed to ensure investigators fully investigate all the facts.

COMMUNICATIONS

Social Media. More agency news was promoted on its Facebook and Twitter accounts in addition to traditional news releases. Social media showcased inmate programs, employee recognitions, the Commissioner's appearances, community involvement, and general agency news. The number of followers increased by more than 10,000.

Registered Victims and Notification. The number of registered victims increased from 11,587 in last fiscal year to 13,315, an increase of 1,728 by June 30, 2018. Additionally, the statewide automated notification service known as MS SAVIN had 46,139 new registrations and released a total of 144,858 notifications during FY 18.

Administration and Finance

Deputy Commissioner Administration and Finance

Dell Lemley

Dell Lemley has 25 years of experience working for the Mississippi Department of Corrections and currently serves as the Deputy Commissioner of Administration and Finance.

“I enjoy the family atmosphere and meeting the challenges that come with helping to run a state agency,” Lemley said. “It is an honor to serve and look after the financial well-being of MDOC.”

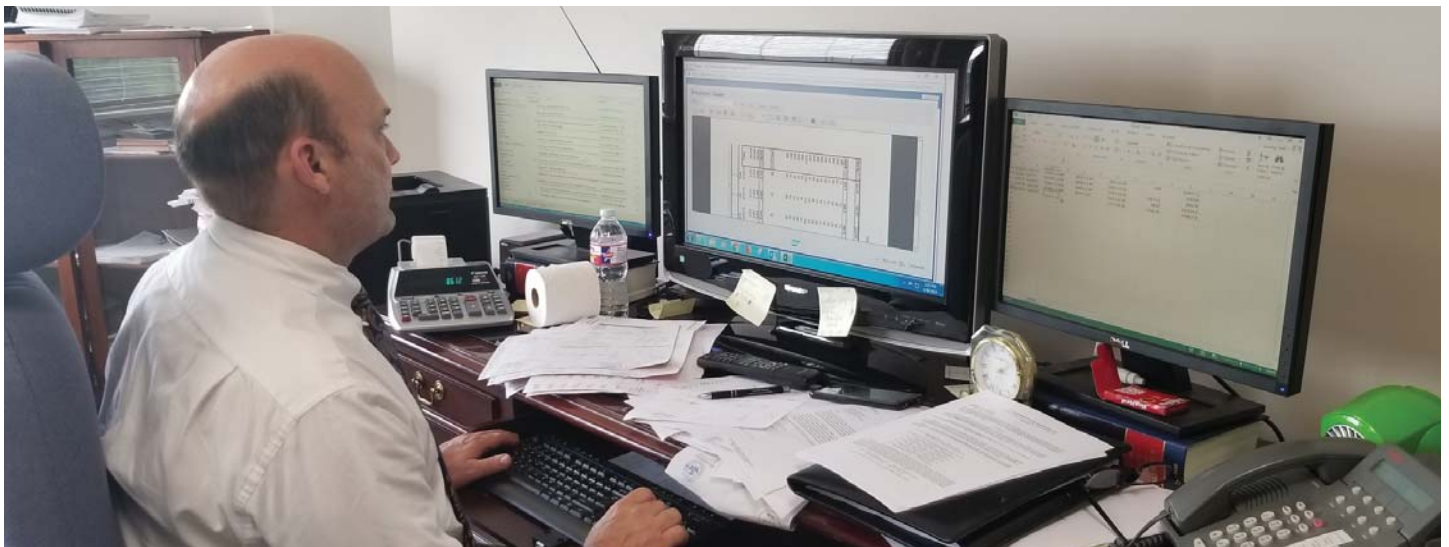

Lemley began his career in April 1993 as an Accounting/Auditor I at the Mississippi State Penitentiary. He enjoyed many years of working in the finance department at MSP before transferring to the Central Office in 2007. He has worked in numerous capacities before his current position, including director of fiscal affairs and chief fiscal officer.

Lemley, a native of Greenwood, is a graduate of Delta State University with a Bachelor’s of Business Administration degree in accounting. He is a member of the American Correctional Association and Southern States Correctional Association for which he has served on the Finance and Vendor Committees.

He has also served for many years as chairman of the Employee Relief Fund Golf Tournament.

**Rick McCarty served as the Deputy Commissioner of Administration and Finance from January 1999 until October 2017 and was succeeded by Lemley.*

Community Corrections

Deputy Commissioner Community Corrections

Christy Guthertz

Christine “Christy” M. Guthertz was appointed Deputy Commissioner of Community Corrections in January 2015. Prior to this appointment, she had served as the Community Corrections Director (CCD) for Region II since 2003. She has worked in numerous capacities throughout her 24-year tenure with the Mississippi Department of Corrections (MDOC). She also worked five years with Keeton Corrections, as a case manager and a facility director.

Guthertz began her career as a case manager at the Central Mississippi Correctional Facility (CMCF) in Rankin County. From there, she transferred to Community Corrections as a case manager in a community work center. She has also worked as a probation/parole officer in Rankin County. Guthertz left MDOC to work for Keeton, where she distinguished herself as “Director of the Year” in 2005. Upon returning to MDOC, she worked as a special projects officer and a compliance officer before being appointed as a CCD.

Guthertz is a graduate of Delta State University in Cleveland, Miss., with a Bachelor of Science degree in criminal justice. She is a charter member of the Mississippi Association of Drug Court Professionals (MADCP), serving as president from January 2005-May 2006; a member and past president of the Mississippi Association of Professionals in Corrections (MAPC); a member of the American Probation and Parole Association (APPA); and a member of the American Correctional Association (ACA). She received the MAPC President’s Award in 1999 and 2000.

Guthertz completed the Certified Public Managers Program in June 2003. She has served as a board member and advisory board member for several community organizations in the Jackson area. She has provided training for Leadership Jackson, the MAPC and the MADCP.

2018 ▶ MDOC Annual Report

Community Corrections includes work centers, restitution centers, technical violation centers, and transitional housing. Also, the division is charged with the supervision of individuals who serve their sentences in the community through the following types of releases — house arrest (the Intensive Supervision Program), probation, parole, medical release, and earned release supervision (ERS).

FACILITIES

Community Work Centers

There are 10 community work centers. Minimum security offenders are assigned to these centers and are provided a gradual re-introduction into community life. The centers provide alcohol and drug counseling, adult basic education (ABE) and GED preparation, literacy classes, and religious program. Offenders perform a wide range of labor at no cost to city, county, and state government agencies and school districts. This work includes community beautification projects, bridge and road repair work, vehicle maintenance, water and sewer, and sanitation details.

Restitution Centers

The state's four restitution centers assist individuals under the supervision of the state in obtaining employment as a condition of their probationary sentence. They are located in Greenwood, Flowood, Jackson, and Pascagoula. Money earned by residents is distributed to crime victims for restitution, courts for court costs and fines, and MDOC for room and board. The remainder of the wages, after taxes, goes to the residents' families or the residents' holding account. Upon completion of the program, the residents are referred to a probation/parole agent for supervision and remain with the agent for their probationary sentence.

Technical Violation Center

There are two technical violation centers — males only based at the Delta Correctional Facility in Leflore County and females only at the Flowood Community Center in Rankin County. The centers were created under House Bill 585, which took effect July 1, 2014. Individuals are sentenced to a TVC for an act or omission that violates a condition or conditions of being placed on community supervision (parole, probation or post-release supervision). The TVC is designed to address the underlying factors leading to the violation, including substance abuse.

George County Community Work Center

Transitional Programs

Unlike a technical violation center, transitional centers house offenders released from the Department of Corrections on parole, probation or post-release supervision who need temporary housing and services that reduce their risk to re-offend. MDOC has both state-operated and private transitional facilities. Portions of four community work centers have been converted to serve as transitional centers: Flowood Community Work Center, Noxubee Community Work Center, Madison County Community Work Center, and Wilkinson County Community Work Center. The MDOC contracts with Crossroads Outreach Ministries in Madison for females only and New Way Mississippi Inc. in Jackson.

SUPERVISION

Probation

Probation is an alternative to incarceration. A circuit judge has the sole authority to order probation for a defendant. Individuals sentenced to probation must successfully complete the requirements imposed by the court.

Parole

Parole is a form of early release from incarceration. Multiple factors are taken into consideration such as type of offense, institutional conduct, and participation in rehabilitative programs. Whether or not an offender is released early to parole is within the complete discretion of the Mississippi State Parole Board.

The Probation & Parole Division is responsible for supervising offenders serving sentences in the community in three regions (North, Central, and South). Each region has a Community Corrections Director (CCD), and that person reports directly to the Deputy Commissioner of Community Corrections.

Intensive Supervision Program

The Intensive Supervision Program (ISP), commonly referred to as house arrest, provides supervision in a community-setting rather than incarceration. Only a judge can place an individual on house arrest. Offenders are required to wear electronic monitoring equipment and are limited in most cases to employment, treatment, and worship services activities. Each offender maintains inmate status and can be immediately placed in an MDOC facility upon violation of the program.

Earned Release Supervision

Earned Release Supervision is a program whereby an individual eligible under applicable state law, including Mississippi Code § 47-5-138 through § 47-5-140, may earn their conditional release to community supervision through good behavior and performance requirements of the earned time allowance program. Once the individual has met the requirements for release, a Probation and Parole agent conducts a residence investigation. The residence must be approved prior to release. ERS offenders retain inmate status. The period of ERS is conducted in the same manner as time on house arrest.

Medical Release

State law (§ 47-7-4) permits inmates with serious medical conditions to be transferred under certain conditions to Community Corrections. The commissioner and the chief medical director may place a nonviolent offender on conditional medical release regardless of time served.

ALTERNATIVES TO INCARCERATION

Drug-Court

Drug court is a specialized court that handles cases of offenders with drug and alcohol dependency. It seeks to rehabilitate offenders through treatment and intense supervision with frequent court appearances and random drug testing. It offers the incentive of a chance to remain out of prison and be employed. However, participants can be sanctioned with a prison sentence, if they fail to remain drug-free and comply with all program requirements.

Pre-Trial Diversion

The Pre-Trial Diversion Program is an alternative to a felony conviction. A defendant voluntarily submits to supervision ranging from six months to three years. Charges against the individual may be dismissed, if the period of supervision is successfully completed.

INTERSTATE COMPACT

Mississippi participates in the Interstate Compact for Adult Offenders. Under the terms of the compact agreement, the MDOC provides courtesy supervision to probationers and parolees from other states in exchange for courtesy supervision of Mississippi offender residing in other states.

PROGRAMS

Thinking for a Change (T4C)

Thinking for a Change is cognitive behavioral therapy model that has been proven to be effective in changing criminological thinking patterns. Thinking for a Change classes are now being offered not only in Institutions but also in Community Corrections.

Alcohol and Drug Treatment

Alcohol and drug treatment programs are provided at several community-based residential facilities.

Education

Adult-based education and GED programs are provided at several community-based residential facilities.

Resource Assistance Program (R.A.P.)

There are 26 R.A.P. program coordinators statewide to assist probation & parole agents in monitoring offenders' treatment needs, employment, and additional barriers to their successful re-entry.

INMATE LABOR

In FY 2018, the offenders in the community work centers provided municipalities and non-profits in 13 counties with 1,177,633 total inmate hours, valued to equal \$8,335,790.25 (at minimum wage) in free labor.

DRUG TESTING

Probation & Parole Agents are responsible for drug testing offenders, either routinely or upon suspicion, and conducting random drug testing of 10% of the offender population each month.

Institutions

Jerry Williams

(601) 359-5610
633 N. State Street
Jackson, MS 39202-3097

Jerry Williams is the Deputy Commissioner of Institutions Division. He started with the agency as a correctional officer and has worked in both Community Corrections and Institutions. Prior to this assignment, he served in the following capacities for MDOC:

Deputy Commissioner of Community Corrections, Region III Community Corrections Director, Branch Director II-American Correctional Association (ACA) Manager for Community Corrections, Operation Management Analyst Principal at Central Office, and Correctional Commander, Correctional Supervisor/MDOC Liaison for Offender Health Care Services, Sergeant and Correctional Officer, all at the Central Mississippi Correctional Facility.

Williams is a graduate of Jackson State University in Jackson with a Bachelor's degree in sociology and a Master of Arts degree in sociology with an emphasis in criminal justice.

Williams has served on an advisory board for several community organizations and is an Executive Gold Member with the ACA.

Superintendent
Marshal Turner*

Mississippi State Penitentiary

P.O. Box 1057
Parchman, MS 38738
662-745-6611

The Mississippi State Penitentiary (MSP) is the state's oldest institution, opening in 1901. It is located on approximately 18,000 acres at Parchman in Sunflower County. It has 3,560 beds, 58 support buildings and seven different housing units, ranging in size from 56 beds at Unit 42 (hospital) to 1,568 beds at Unit 29.

MSP is authorized to have a total of 918 positions, 894 of which are full-time, 13 are time-limited full-time and 11 are part-time.

MSP houses all male offenders who are classified as protective custody, administrative segregation, administrative long-term segregation, and death row. The custody levels are minimum, medium, and close.

MSP offenders provide more than 100,000 hours of free offender labor each year to adjacent municipalities and counties, as well as assisting other state agencies.

The majority of the farming activity involving Mississippi Prison Agricultural Enterprises (MPAE) happens at MSP. MPAE supplies food to Parchman and the other two state prisons, 10 community work centers and four restitution centers.

Mississippi Prison Industries Corp. (MPIC) operates a work program for its textile and metal fabrication.

Also, unlike the other two state prisons, MSP has its own hospital. Health care is contracted through Centurion Mississippi, LLC, which provides medical services 24 hours a day. Centurion's staff and MSP Hospital is full service licensed.

Another unique feature of Parchman is that it is the facility where state executions are carried out. All offender executions are held at Unit 17.

Parchman cemetery is also located on prison grounds. Inmates whose families cannot afford to bury them or those who do not have family members to claim their remains are buried on two acres. Records show that the first burial occurred in 1930.

Programs offered at MSP include: Therapeutic Recreation, Religious Programs, Independent Study and Tutorial Programs, Pre-Release, Faith Based Program, Alcohol & Drug Program, ABE/GED Programs, Administrative, Remedy Program (ARP), PACT, Agri-Business, Auto Body & Fender, Auto Mechanics, Carpentry, Diesel Mechanics, Communications Systems Installer, Heating, Air Conditioning & Refrigeration, Industrial Electricity, Marine Maintenance, Welding, and Culinary Arts.

** Marshal Turner assumed the position of superintendent in 2018. He was preceded by Earnest Lee.*

Mississippi Prison Agricultural Enterprises

Agricultural Enterprises, a division under Institutions, is responsible for the farming operations at Mississippi State Penitentiary (MSP) in Parchman and South Mississippi Correctional Institution (SMCI) in Leakesville. Most of the farming occurs at Parchman. Minimum custody inmates are given the opportunity to participate each year in planting, harvesting and processing the crops, including vegetables and fruits. The crops are shipped to MDOC facilities to feed inmates to help reduce food cost.

Some of the fruits and vegetables grown include: blueberries, butter beans, cabbage, pecans, green beans, tomatoes, squash, watermelons, and field peas

The Mississippi Prison Agriculture Enterprise (MPAE) program leased 10,666.82 acres in Sunflower and Quitman counties for a total revenue of \$678,959.20. The amount brought the average rent per acre to \$63.65. MPAE farmed 2,500 acres in Sunflower County, growing soybeans and vegetables.

Soybean production was 52,637.98 total bushels. This average per acre was 21.05 bushels with a revenue of \$412,809.89.

MPAE vegetable operation produced 200,000 pounds of vegetables on approximately 200 acres for processing to help feed the offenders and reduce food cost. The value of the donated foods was approximately \$118, 241. These prices are based on the Atlanta Market and billed to the food contract vendor. The MDOC takes a credit against the weekly invoice for the amount of these food items.

A major pruning planned for the blueberry orchard is expected to impact revenue temporarily.

Central Mississippi Correctional Facility

P.O. Box 88550
Pearl, MS 39208
601-932-2880

The Central Mississippi Correctional Facility (CMCF) was established in 1986 and built on 171 acres in Pearl in Rankin County. The facility was expanded in 1996 and now includes 18 housing units and 10 support buildings to accommodate its current capacity of 4,102 Offenders. CMCF is the first stop for individuals sentenced to the Mississippi Department of Corrections (MDOC). It provides initial orientation and classification.

CMCF is authorized to have 675 full-time positions, including 10 time-limited full-time, and two part time.

Of the three State Prisons, CMCF is the only facility to house female offenders and youthful offenders. Its population consists of both male and female offenders of all custody levels (minimum, medium, and close) to include female offenders sentenced to death.

Youthful offenders are housed in a separate facility. The Youthful Offender Unit (YOU) opened on Dec. 12, 2012, as a separate, independent facility to serve individuals under the age of 18. It offers a wide range of programs to include Academic Classes, Vocational Programs, Mental Health Counseling, Psychological and Psychiatric Services in a group and individual basis, Alcohol and Drug Treatment, Social Services, Religious and Recreational Services.

Mississippi Prison Industries Corp. (MPIC) operates a commercial print shop, a Johnson & Johnson Clean Room, which provides cleaning and sterilization of suture spools for its suture manufacturing operations; and a metal fabrication shop.

Programs/services offered at CMCF include:

- Alcohol & Drug Treatment
- AA/NA
- Adult Basic Education
- Inmate Legal Assistance Program
- Pre-Release
- Religious Services
- Kairos Prison Ministry
- Bible Study
- Therapeutic Recreational Programs
- Veterans Program "Soldier On"
- Prison-to-College Pipeline Program
- Recidivism Reduction Program
- Academic & Vocational Programming
- Library Services

- Barbering & Cosmetology Services
- Family Dynamics Class
- Business Technology
- Apparel & Textile
- Mentoring and Tutoring
- Life Skills & Anger Management
- 1A Mental Health Program
- Art Therapy/Expressions
- Dance to be Free
- In 2 Work Food Service Program
- Prison Industry
- Lifers/Extended Sentences Program
- Gardening & Landscaping
- Family Visitation

Superintendent
Jacqueline Banks

South Mississippi Correctional Institution

P.O. Box 1419
Leakesville, MS 39451
601-394-5600

The South Mississippi Correctional Institution (SMCI), established in 1989, is the newest state prison in Mississippi. It is the first prison in the state to receive accreditation from the American Correctional Association and the National Commission on Correctional Health Care.

SMCI sits on 360 acres at Leakesville in Greene County. It has 16 housing units and a maximum 3,082 beds. Men classified as minimum, medium, and close custody are housed there as well as those in protective custody and long-term segregation.

The prison is authorized to have 435 full-time permanent positions, including four full-time, time-limited positions.

SMCI provides free inmate labor to Greene County and adjacent municipalities and assists other state agencies. Inmates are assigned to the Greene County Road Crew and a mobile work crew.

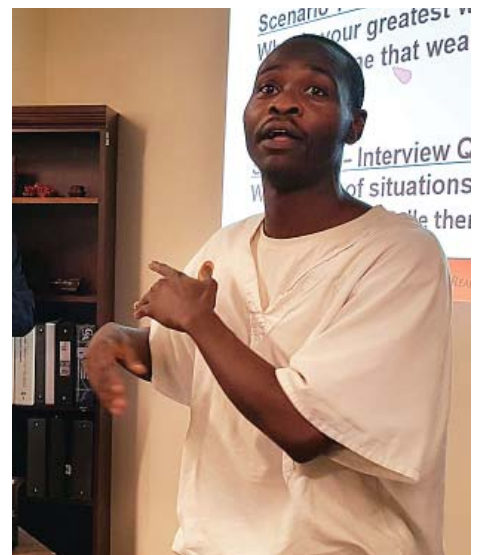

Inmates can also work in the blueberry operations. The orchard was started at the prison in 2006 as a way to address inmate idleness and to teach inmates a trade skill in the blueberry industry. The blueberries help reduce food cost and serve as a healthier menu option.

Programs offered include: Adult Basic Education, Alcohol & Drug, Religious Programs, Vocational Programs, Inmate Legal Assistance, Pre-Release, and Therapeutic Recreation. The SMCI Education Department offers both Adult Basic Education (ABE) and General Educational Development (GED). Students have access to a full-time counselor. The Alcohol and Drug Program is both short term (12 weeks) and long term (six months) with individual and group counseling for treating alcohol and drug addictions. Other than alcohol and drug education, the classes and groups cover relapse prevention, coping skills, life skills/re-entry and post release, interview skills, anger and stress management, depression management, anxiety management, communication, and relationship skills. Upon successful completion, offenders are awarded a certificate. Services are also provided for community work center offenders and those in SMCI administrative segregation and protective custody units.

The Chaplains Department is responsible for all religious activities at SMCI. In addition to regularly scheduled religious programs, Bible classes are offered whereby the inmates may study together. The department has a pastoral and crisis ministry which includes spiritual guidance counseling during a crisis or grieving period. Chaplains also provide marriage counseling and coordinate the marriage process of those incarcerated. Additionally, this department is responsible for interviewing, training, and supervising volunteers providing a variety of services.

The Vocational Technical Department offers five programs (auto body, auto mechanics, electrical, plumbing and pipefitting, and welding) that enable offenders to become productive citizens after release. The length of each program is 1,300 hours to 2,650 hours. GED classes and tutoring are available at night. Offenders can obtain employment skills through Mississippi Prison Industries Corp's clothing manufacture operations.

Through the state's contracted healthcare vendor, Centurion, LLC provides onsite medical services to its offenders and those at the regional facilities in south Mississippi. These onsite services include, but are not limited to, emergency care, infirmary care, dental, optometry, clinical, and pharmaceutical services. Specialty care services are also available through a network of off-site contracted hospitals and specialty care providers.

Programs

Deputy Administrator Technology and Programs

Audrey McAfee

Audrey McAfee has more than 30 years of experience as an information technology professional and correctional business analyst. She was appointed Deputy Administrator in 2017. She has directed management of the information systems since 2002 and oversees Inmate Treatment & Programs and Records. She has served in several other positions, including as director of policy and planning from 2001 to 2002; lead programmer analyst from 1989 to 2001; research statistician from 1988 to 1989; and accounting clerk from 1986 to 1988.

In her current role as Chief Information Officer, McAfee provides timely analyses and makes recommendations to meet legislative changes and to implement new or modified programs. Essentially, she translates requirements into action plans and provides the leadership necessary to ensure business needs are addressed efficiently and effectively. She is on the front line of prison operations in the state, and has played an instrumental role in criminal justice reform achieved under legislation enacted in 2014.

McAfee has a Master of Business Administration degree from Belhaven University and a Bachelor of Science degree in chemistry from Tougaloo College. Also, she has various certificates from the State of Mississippi IT Course Work. She is the agency representative on the Mississippi Wireless Communication Commission.

Alcohol and Drug Treatment Programs

The mission of the Alcohol and Drug (A&D) Program is to provide clinical treatment and rehabilitation services to individuals who have co-occurring mental health conditions or who have committed an alcohol and/or drug crime(s). The goal is to address the substance use disorder using evidence-based curriculums (e.g., Cognitive Behavioral Therapy, Dialectical Behavioral Therapy, 12-step facilitation, mindfulness, meditation classes, Betty Ford On Demand Living in Balance Curriculum, and art therapy, along with psychoeducation about drugs of abuse and clinical treatment team meetings) aimed at correcting ineffective behaviors and unhelpful thought patterns. These clinical A&D services are provided to offenders who are court ordered to alcohol and drug treatment, parole pending completion, Intensive Supervision Program, MDOC referral or volunteer.

The Alcohol and Drug Program also provides re-entry referrals to offenders discharging from primary and secondary A&D treatment facilities, Alcoholics Anonymous, Narcotics Anonymous and Cocaine Anonymous meetings and home placement recommendations. In most cases, through interdisciplinary treatment team meetings and planning, offenders are offered tailored transition plans prior to discharge from our treatment programs.

Mississippi State Penitentiary provides a short-term program for offenders with at least six to 30 months remaining in their sentence. The Alcohol and Drug Therapeutic Community Treatment Center units house 100 therapeutic treatment beds, group rooms and classrooms with clinical staff office space adjacent to each housing unit.

Central Mississippi Correctional Facility provides both a 12-week traditional A&D program and a long-term program (6 months to 12 months) for female and male offenders. In addition, a 12-week treatment program is available for special needs (disability) male offenders. The traditional 12-week A&D program based on principles of Alcoholics Anonymous is provided for special needs (disability) offenders at Central Mississippi Correctional Facility. A 12-week basic A&D psychoeducation program is provided to eligible offenders housed in high risk, lockdown, and protective custody units.

South Mississippi Correctional Institution provides both a traditional 12-week A&D program and a long term (six month) program for general population offenders.

The Residential Substance Abuse Treatment (RSAT) Program is operated in the Flowood, Pike and Quitman Community Pre-Release Centers for offenders who are within six months to one year of release. The offenders provide work in the community during the day and attend A&D clinical treatment in the evening.

The Flowood Community Work Center offers a 12-week A&D program for females who are completing their sentence, or are being released to community supervision.
