Commissioner Burl Cain

Nathan “Burl” Cain is a renowned correctional professional known for his transformative and innovative work in the Louisiana prison system during a storied career spanning more than 40 years. Gov. Tate Reeves appointed him as Commissioner for the Mississippi Department of Corrections effective May 21, 2020.

Cain retired from the Louisiana Department of Corrections (LDOC) after leading an evolution of change at the Louisiana State Penitentiary (LSP), once known as the “Bloodiest Prison in America.” Under his 21 years of leadership, LSP, the state’s only maximum security prison, became one of the safest, most secure, and progressive maximum security prisons in the nation.

The prison houses more than 6,300 inmates with more than 4,000 serving life sentences for violent crimes. Two award-winning films about the prison were produced during Cain’s administration. The stories are “The Farm: Angola, USA” (1998) and “The Wildest Show in the

South: The Angola Prison Rodeo,” (1999), which was nominated for an Academy Award for Best Documentary Short.

In addition to film, Cain’s work at Angola also has been the subject of numerous articles and books. The book *The Angola Prison Seminary* contains evidence-based research from Baylor University substantiating the reduction in violence and other positive effects of the faith-based ministry. Another book is *Cain’s Redemption: A Story of Hope and Transformation in America’s Bloodiest Prison*.

Cain serves as CEO and Founder of Global Prison Seminars Foundation, a nonprofit organization that promotes positive changing of prison culture through theological education programs in prisons throughout the United States and internationally. Prison Seminary Model programs now exist in 17 states, including Mississippi.

Cain earned a Bachelor of Science degree in vocational agriculture from Louisiana State University and a Master of Science in criminal justice from Grambling State University. Cain is a Certified Corrections Executive through the American Correctional Association and is an Emotional Intelligence Certified Practitioner.

STATE OF MISSISSIPPI
DEPARTMENT OF CORRECTIONS
BURL CAIN
COMMISSIONER

Dear Fellow Mississippians:

I present to you the annual report of the Mississippi Department of Corrections for Fiscal Year 2020. This report is a snapshot of the department's activities from July 1, 2019, to June 30, 2020. The Mississippi Legislature authorized an appropriation of \$316,474,500 from the general fund and \$24,416,926 from special funds during the 2019 Legislative Session for the MDOC's Fiscal Year 2020.

I have been with you only a couple of weeks as this fiscal year draws to a close. The MDOC has endured many difficulties in recent years and some successes along the way, and we have many challenges ahead of us. Some of the most important tasks include hiring more correctional officers to boost our security workforce. With that task comes improving salaries that will hopefully attract the best people to help us move forward. We must also significantly reduce, and hopefully someday eliminate, the contraband flowing into our facilities that creates unsafe environments for our employees and inmates. We must also put a serious dent in, and reverse the effects of, the gang activity in our prisons.

While we resolve the issues that brought us to where we are today, we will work to bring progressive changes to the state's prisons that will hopefully make them safer places for our employees to carry out the duties of supervising our inmate population. At the same time, we will make every effort to focus on re-entry and education programs that will enable inmates who are eligible for parole to become a skilled workforce and find and hold jobs after their release. Through moral and educational rehabilitation, we will strive to help inmates become better people and earn second chances. While we are changing lives, we will be accountable for our financial resources because it is very important to be good stewards of the tax dollars entrusted to the agency.

We have a lot of good tools here to work with. We have some really good people at the MDOC. I look forward to working with the Governor, the Legislature, and all of our state leaders to turn things around and help make Mississippi's prison system the best in the country. We're going to have good playing, good praying, good food, and good medicine and it will take everyone working together to make that happen.

Sincerely,

Burl Cain

Commissioner

Highlights

August 8, 2019 – Just like the military, sports or businesses, the Mississippi Department of Corrections hired a recruiter dedicated to attracting new employees, especially correctional officers. Clintis McCray previously worked for the MDOC for 27 years before retiring in 2013. He returned in 2019 to help in hiring.

Oct. 29, 2019 - The MDOC was awarded a \$1 million federal grant to expand re-entry and aftercare services to the southern part of the state. The Second Chance Act (SCA) Improving Reentry for Adults with Co-occurring Substance Abuse and Mental Illness (CSAMI) would assist 175 individuals leaving prison and returning to Hancock, Harrison, Pearl River, and Stone counties for three years.

April 1, 2020 - To help address staffing shortages and significantly expand the potential pool of candidates, the minimum age to work as a correctional officer for the MDOC was lowered from 21 to 19.

March 12 - June 30, 2020 - The MDOC suspended visitation at its facilities, restricted movement of transfers between facilities, and suspended many of its programs while implementing safety protocols in response to the COVID-19 pandemic.

Victims Services

The Division of Victim Services (DVS) registered 1,872 additional people during fiscal 2020. Due to COVID-19, DVS scheduled in-person outreach activities were canceled. The DVS attended the following training sessions virtually via the internet:

- OAIV 2020 Subgrantee Orientation General Session and VOCA Awardee Session
- Mississippi VINE and JusticeXchange Training
- “My Booking Information Does What?” Understanding Agency’s Impact on VINE
- NOVA Training – Using VINE as a Safety Resource for Victims
- Performance Review Assessment Training – supervisor only
- MDOC Mandatory courses for Non-Security

Statewide Automated Victim Information and Notification (SAVIN):

- New VINE registrations (county/state) = 85,295
- Total VINE registrations ending June 30 = 260,998
- Total VINE searches (county/state) = 10,458,172
- Total VINE notifications released (county/state) = 188,542

Prior to the appointment of Commissioner Cain, the MDOC operated under the leadership of two other commissioners during the 2020 fiscal year.

Tommy Taylor served as the interim commissioner until Commissioner Cain’s appointment on May 20, 2020.

Gov. Tate Reeves appointed Taylor on January 16, 2020.

Pelicia E. Hall was Mississippi’s first female commissioner of corrections.

Former Gov. Phil Bryant appointed Hall in February 2017 and she served until January 15, 2020.

MISSION STATEMENT

To enhance public safety by providing safe and secure facilities, effective supervision, and rehabilitative services that transform lives.

VISION STATEMENT

The vision of the Mississippi Department of Corrections is to be a professional organization that is honorable, innovative, and fiscally responsible.

CORE VALUES

INTEGRITY — MDOC Employees serve as positive role models and conduct themselves professionally through fair, honest, and ethical behavior.

ACCOUNTABILITY — MDOC employees accept responsibility at all levels for decisions, actions, and consequences.

FAIRNESS — MDOC employees perform their duties in a just manner free of discrimination and favoritism.

COMPETENCE — MDOC employees possess the skill, knowledge, qualification, and capacity to perform their duties effectively.

CONSISTENCY — MDOC employees promote and demonstrate uncompromising moral conduct, behavior, and actions in all of our decisions.

Administration and Finance

Deputy Commissioner

Karei McDonald Jr.

Karei McDonald Jr. has a long and distinguished career in state government, with nearly 30 years of experience working for three state agencies. He now serves as Deputy Commissioner of Administration and Finance for the Mississippi Department of Corrections, a position he has held since February 2020.

McDonald came to the MDOC from the Office of the State Auditor, where he had worked since August 2004. Positions he held included director of performance audit, deputy director of investigations, senior special agent for investigations, and special agent for investigations.

McDonald has extensive experience in criminal and civil cases, audit reviews, personnel management, and other areas combining law enforcement with accounting and fiscal accountability.

McDonald, a Jackson native, earned a Bachelor of Science degree in business administration from Mississippi College. He is also a graduate of the Mississippi Law Enforcement Officers Training Academy, the Federal Bureau of Investigation National Academy, and the Mississippi Association of Chiefs of Police/F.B.I. Command College.

Additionally, McDonald is a certified law enforcement officer, certified fraud specialist, certified fraud examiner, and certified Office of Inspector General investigator.

McDonald has earned the respect of the law enforcement community through his service. He is a former president of the Greater Jackson Law Enforcement Officers Association and was honored as a Top Cop recipient for the Central Mississippi Crime Stoppers in 2010.

Dale Lemley

Dale Lemley served as Deputy Commissioner of Administration and Finance until his retirement in January 2020.

Lemley's service to MDOC began in April 1993 as an accounting auditor at Mississippi State Penitentiary. After many years at MSP, Lemley transferred to the Central Office in 2007 where he worked in numerous capacities as director of fiscal affairs and chief fiscal officer before his appointment as Deputy Commissioner.

Mississippi Prison Agricultural Enterprises

Agricultural Enterprises, a program under the Division of Administration and Finance, is responsible for the farming operations at Mississippi State Penitentiary (MSP) in Parchman and South Mississippi Correctional Institution (SMCI) in Leakesville. Most of the farming occurs at Parchman. Minimum custody inmates can participate each year in planting, harvesting, and processing crops, including vegetables and fruits. The crops are shipped to MDOC facilities to feed inmates to help reduce food costs.

Crops included: blueberries, pecans, tomatoes, turnip greens, and field peas.

The Mississippi Prison Agriculture Enterprise (MPAE) program leased 9,304 acres in Sunflower and Quitman counties for total revenue of \$743,009.80 in fiscal 2020. The amount brought the average rent per acre to \$79.86. MPAE farmed 3,510 acres in Sunflower County, growing soybeans and vegetables.

Soybean production was 86,970 total bushels with a revenue of \$960,015.05. Field corn production was 36,571 total bushels with a revenue of \$95,768.08

The vegetable operation produced 41,204 pounds of vegetables on approximately 67.5 acres. The value of the donated food was approximately \$33,255.12. These prices are based on the Atlanta Market and billed to the food contract vendor. The MDOC takes a credit against the weekly invoice for the amount of these food items.

Community Corrections

Deputy Commissioner

Christy Guthertz

Christine “Christy” M. Guthertz was appointed Deputy Commissioner of Community Corrections in January 2015. Prior to this appointment, she had served as the Community Corrections Director (CCD) for Region II since 2003. She has worked in numerous capacities throughout more than 25 years with the Mississippi Department of Corrections (MDOC). She also worked five years with Keeton Corrections, as a case manager and a facility director.

Guthertz began her career in corrections as a case manager at the Central Mississippi Correctional Facility (CMCF) in Rankin County. From there, she transferred to Community Corrections as a case manager in a community work center. She also has worked as a probation/parole officer in Rankin County. Guthertz left MDOC to work for Keeton, where she distinguished herself as “Director of the Year” in 2005. Upon returning to MDOC, she worked as a special projects officer and a compliance officer before being appointed as a CCD.

Guthertz is a graduate of Delta State University in Cleveland, Miss., with a Bachelor of Science degree in criminal justice. She is a charter member of the Mississippi Association of Drug Court Professionals (MADCP), serving as president from January 2005-May 2006; a member and past president of the Mississippi Association of Professionals in Corrections (MAPC); a member of the American Probation and Parole Association (APPA); and a member of the American Correctional Association (ACA). She received the MAPC President’s Award in 1999 and 2000.

Guthertz completed the Certified Public Managers Program in June 2003. She has served as a board member and advisory board member for several community organizations in the Jackson area. She has provided training for Leadership Jackson, the MAPC and the MADCP.

Community Corrections includes work centers, restitution centers, technical violation centers, and transitional housing. Also, the division is charged with the supervision of individuals who serve their sentences in the community through the following types of releases — house arrest (the Intensive Supervision Program), probation, parole, medical release, and earned release supervision (ERS).

FACILITIES

Community Work Centers

There are eight community work centers. Minimum security residents are assigned to these centers and are provided a gradual re-introduction into community life. The centers provide alcohol and drug counseling, GED preparation, and religious programs. Residents perform a wide range of labor at no cost to city, county, and state government agencies and school districts. This work includes community beautification projects, bridge and road repair work, vehicle maintenance, water and sewer, and sanitation details.

Restitution Centers

The state's four restitution centers assist individuals under the supervision of the state in obtaining employment as a condition of their probationary sentence. They are located in Greenwood, Flowood, Jackson, and Pascagoula. Money earned by residents is distributed to crime victims for restitution, courts for court costs and fines, and MDOC for room and board. The remainder of the wages, after taxes, goes to the residents' families or the residents' holding account. Upon completion of the program, the residents are referred to a probation/parole agent for supervision and remain with the agent for their probationary sentence.

Technical Violation Center

There are two technical violation centers — males only based at the Delta Correctional Facility in Leflore County and females only at the Flowood Community Work Center in Rankin County. The centers were created under House Bill 585, which took effect July 1, 2014. Individuals are sentenced to a TVC for an act or omission that violates a condition or conditions of being placed on community supervision (parole, probation or post-release supervision). The TVC is designed to address the underlying factors leading to the violation, including substance abuse.

Transitional Programs

Unlike a technical violation center, transitional centers house residents released from the Department of Corrections on parole, probation or post-release supervision who need temporary housing and services that reduce their risk to re-offend. MDOC has both state-operated and private transitional facilities. Portions of four community work centers have been converted to serve as transitional centers: Flowood Community Work Center, Noxubee County Community Work Center, Madison County Community Work Center, and Wilkinson County Community Work Center. The MDOC contracts with Crossroads Outreach Ministries in Madison, New Way Mississippi Inc. in Jackson, Sober Living Residential in Meridian, and Mississippi Offender Re-Entry Experience (MORE) in Jackson.

SUPERVISION

The Probation & Parole Division is responsible for supervising individuals serving sentences in the community in three regions (North, Central, and South). Each region has a Community Corrections Director (CCD), and that person reports directly to the Deputy Commissioner of Community Corrections.

Probation

Probation is an alternative to incarceration. A circuit judge has the sole authority to order probation for a defendant. Individuals sentenced to probation must successfully complete the requirements imposed by the court.

Parole

Parole is a form of early release from incarceration. Multiple factors are taken into consideration, such as type of offense, institutional conduct, and participation in rehabilitative programs. Whether or not an individual is released early to parole is within the complete discretion of the Mississippi State Parole Board.

Intensive Supervision Program

The Intensive Supervision Program (ISP), commonly referred to as house arrest, provides supervision in a community-setting rather than incarceration. Only a judge can sentence an individual to house arrest. Supervised individuals are required to wear electronic monitoring equipment and are limited in most cases to employment, treatment, and worship services activities. Each individual maintains a custody status and can be immediately placed in an MDOC facility upon violation of the program.

Earned Release Supervision

Earned Release Supervision is a program whereby an individual eligible under applicable state law, including Mississippi Code § 47-5-138 through § 47-5-140, may earn their conditional release to community supervision through good behavior and performance requirements of the earned time allowance program. Once the individual has met the requirements for release, a probation and parole agent conducts a residence investigation. The residence must be approved prior to release. ERS participants retain custody status. The period of ERS is conducted in the same manner as time on house arrest.

Medical Release

State law (§ 47-7-4) permits incarcerated individuals with serious medical conditions to be transferred under certain conditions to Community Corrections. The commissioner and the chief medical director may place a nonviolent individual on conditional medical release regardless of time served. Violent offenders must serve at least one year of their sentence before being eligible for conditional medical release.

ALTERNATIVES TO INCARCERATION

Drug-Court

Drug court is a specialized court that handles cases of individuals with drug and alcohol dependency. It seeks to rehabilitate participants through treatment and intense supervision with frequent court appearances and random drug testing. It offers the incentive of a chance to remain out of prison and be employed. However, participants can be sanctioned with a prison sentence, if they fail to remain drug-free.

Pre-Trial Diversion

The Pre-Trial Diversion program is an alternative to a felony conviction. Defendants voluntarily submit to supervision ranging from six months to three years. Charges may be dismissed if the period of supervision is successfully completed.

INTERSTATE COMPACT

Mississippi participates in the Interstate Compact for Adult Offenders. Under the terms of the compact agreement, the MDOC provides courtesy supervision to probationers and parolees from other states in exchange for courtesy supervision of Mississippi's incarcerated individuals residing in other states.

PROGRAMS

Thinking for a Change (T4C)

Thinking for a Change is cognitive-behavioral therapy model that has been proven to be effective in changing criminological thinking patterns. Thinking for a Change classes are now being offered not only in Institutions but also in Community Corrections.

Alcohol and Drug Treatment

Alcohol and drug treatment programs are provided at several community-based residential facilities.

Education

Adult-based education and GED programs are provided at several community-based residential facilities.

Resource Assistance Program (R.A.P.)

There are 26 R.A.P. program coordinators statewide to assist probation and parole agents in monitoring supervised individuals' treatment needs, employment, and additional barriers to their successful re-entry.

INMATE LABOR

In FY 2020, the residents in the community work centers provided municipalities and non-profits in nine (9) counties with 742,187 total hours, valued to equal \$4,666,263 (at minimum wage) in free labor.

DRUG TESTING

Probation & Parole Agents are responsible for drug testing the offender population each month, either routinely or based upon suspicion.

Institutions

Deputy Commissioner

Jeworski Mallett

Jeworski Mallett is Deputy Commissioner of Institutions for the Mississippi Department of Corrections where he has served since February 2020. Before this appointment, he served as director of Records since 2013.

Mallett has nearly 20 years of work experience in the correctional system, beginning his career as a correctional officer at the Mississippi State Penitentiary, the oldest prison in the state. While at MSP, he was assigned to maximum security Unit 32, which housed death row, maximum security, protective custody, and inmates in segregation. Since then, he has held various positions to include investigator, classification hearing officer, operations management analyst, principal, deputy warden of Support Operations, division director of Institutional Operations, and interim training director, while moving up the ranks within the MDOC.

Mallett has worked with various criminal justice agencies across the country on projects surrounding administrative and protective custody offender populations. He played a key role in assisting the MDOC in revising its Use of Force, Administrative Segregation, Offender Disciplinary, Protective Custody, and Classification Policies and Standard Operating Procedures. Also, he has presented on administrative segregation in Mississippi at the American Correctional Association (ACA) conference.

Mallett completed his undergraduate studies in Business Administration at Alcorn State University and holds an MBA from Delta State University in Management/Administration. He also is a certified public manager. Mallett is a member of Alpha Phi Alpha Fraternity Inc., the ACA, and the Mississippi Association of Professionals in Corrections (MAPC).

He is also a 2016 MDOC Distinguished Employee of the Year and has received numerous Extra Effort Awards. In June 2020, Mallett was honored with a commendation and awarded a Commissioner's Coin from Commissioner Burl Cain. Mallett was congratulated for his work in leading the institutions division through its COVID-19 response.

Jerry Williams served as Deputy Commissioner of Institutions from 2015 until his retirement in January 2020.

Williams' career also included serving as Deputy Commissioner of Community Corrections prior to serving Institutions. He was one of the few employees in MDOC history to move through the ranks to lead both divisions.

Acting Superintendent
Timothy Morris

Mississippi State Penitentiary

P.O. Box 1057
Parchman, MS 38738
662-745-6611

The Mississippi State Penitentiary (MSP) is the state's oldest institution, opening in 1901. It is located on approximately 18,000 acres at Parchman in Sunflower County. It has 3,560 beds, 58 support buildings and seven different housing units, ranging in size from 56 beds at Unit 42 (hospital) to 1,568 beds at Unit 29.

MSP is authorized to have a total of 754 positions, 736 of which are full-time, nine are time limited full-time, and nine are part-time.

MSP houses all male offenders who are classified as protective custody, administrative segregation, administrative long-term segregation, and death row. The custody levels are minimum, medium, and close.

MSP offenders provide more than 100,000 hours of free offender labor each year to adjacent municipalities and counties, as well as assisting other state agencies.

The majority of the farming activity involving Mississippi Prison Agricultural Enterprises (MPAE) happens at MSP. MPAE supplies food to Parchman and the other two state prisons, community work centers and restitution centers.

Mississippi Prison Industries Corp. (MPIC) operates a work program for its textile and metal fabrication.

Also, unlike the other two state prisons, MSP has its own hospital. Health care is contracted through Centurion Mississippi, LLC, which provides medical services 24 hours a day. Centurion's staff and MSP Hospital is full service licensed.

Another unique feature of Parchman is that it is the facility where state executions are carried out. All executions are carried out at Unit 17 by lethal injection.

Parchman cemetery is also located on prison grounds. Inmates whose families cannot afford to bury them or those who do not have family members to claim their remains are buried on two acres. Records show that the first burial was in 1930.

Programs offered at MSP include: therapeutic recreation, religious programs, independent study and tutorial programs, pre-release, faith based program, alcohol and drug program, ABE/GED programs, Administrative Remedy Program (ARP), PACT, agri-business, auto body and fender, auto mechanics, carpentry, diesel mechanics, communications systems installer, heating, air conditioning and refrigeration, industrial electricity, marine maintenance, welding, and culinary arts.

** Marshal Turner served as the superintendent of MSP until April 22. He had served in the position since 2018.*

Superintendent
Ron King

Central Mississippi Correctional Facility

P.O. Box 88550
Pearl, MS 39208
601-932-2880

The Central Mississippi Correctional Facility (CMCF) was established in 1986 and built on 171 acres in Pearl in Rankin County. The facility was expanded in 1996 and now includes 18 housing units and 10 support buildings to accommodate its current capacity of 4,102 Offenders. CMCF is the first stop for individuals sentenced to the Mississippi Department of Corrections (MDOC). It provides initial orientation and classification.

CMCF is authorized to have 702 full-time positions, including eight time-limited full-time, and two part time.

Of the three State Prisons, CMCF is the only facility to house female offenders and youthful offenders. Its population consists of both male and female offenders of all custody levels (minimum, medium, and close) to include female offenders sentenced to death.

Youthful offenders are housed in a separate facility. The Youthful Offender Unit (YOU) opened on Dec. 12, 2012, as a separate, independent facility to serve individuals under the age of 18. It offers a wide range of programs to include Academic Classes, Vocational Programs, Mental Health Counseling, Psychological and Psychiatric Services in a group and individual basis, Alcohol and Drug Treatment, Social Services, Religious and Recreational Services.

Mississippi Prison Industries Corp. (MPIC) operates a commercial print shop, a Johnson & Johnson Clean Room, which provides cleaning and sterilization of suture spools for its suture manufacturing operations; and a metal fabrication shop.

Programs/services offered at CMCF include:

- Alcohol & Drug Treatment
- AA/NA
- Adult Basic Education
- Inmate Legal Assistance Program
- Pre-Release
- Religious Services
- Kairos Prison Ministry
- Bible Study
- Therapeutic Recreational Programs
- Veterans Program
- Prison-to-College Pipeline Program
- Recidivism Reduction Program
- Academic & Vocational Programming
- Library Services
- Barbering & Cosmetology Services
- Family Dynamics Class

- Business Technology
- Apparel & Textile
- Mentoring and Tutoring
- Life Skills & Anger Management
- 1A Mental Health Program
- Art Therapy/Expressions
- Dance to be Free
- In 2 Work Food Service Program
- Prison Industry
- Lifers/Extended Sentences Program
- Gardening & Landscaping
- Family Visitation
- Garment Factory
- The NET "Social Mentoring"
- "Forget Me Not" Sewing Project
- NCRC Certifications

Superintendent
Joe Errington

South Mississippi Correctional Institution

P.O. Box 1419
Leakesville, MS 39451
601-394-5600

The South Mississippi Correctional Institution (SMCI), established in 1989, is the newest state prison in Mississippi. It is the first prison in the state to receive accreditation from the American Correctional Association and the National Commission on Correctional Health Care.

SMCI sits on 360 acres at Leakesville in Greene County. It has 16 housing units and a maximum 3,082 beds. Men classified as minimum, medium, and protective custody are housed there as well as those in disciplinary detention, high risk incentive program, and long-term segregation.

The prison is authorized to have 404 full-time permanent positions including four full-time, time-limited positions.

SMCI provides free inmate labor to Greene County and adjacent municipalities and assists other state agencies. Inmates are assigned to the Greene County Road Crew and a mobile work crew.

Inmates can also work in the blueberry operations. The orchard was started at the prison in 2006 as a way to address inmate idleness and to teach inmates a trade skill in the blueberry industry. The blueberries help reduce food cost and serve as a healthier menu option.

Programs offered include: Adult Basic Education, Alcohol & Drug, Religious Programs, Vocational Programs, Inmate Legal Assistance, Pre-Release, and Therapeutic Recreation. The SMCI Education Department offers both Adult Basic Education (ABE) and General Educational Development (GED). Students have access to a full-time counselor. The Alcohol and Drug Program is both short term (12 weeks) and long term (six months) with individual and group counseling for treating alcohol and drug addictions. Other than alcohol and drug education, the classes and groups cover relapse prevention, coping skills, life skills/re-entry and post release, interview skills, anger and stress management, depression management, anxiety management, communication, and relationship skills. Upon successful completion, offenders are awarded a certificate. Services are also provided for community work center offenders and those in SMCI administrative segregation and protective custody units.

The Chaplains Department is responsible for all religious activities at SMCI. In addition to regularly scheduled religious programs, Bible classes are offered whereby the inmates may study together. The department has a pastoral and crisis ministry which includes spiritual guidance counseling during a crisis or grieving period. Chaplains also provide marriage counseling and coordinate the marriage process of those incarcerated. Additionally, this department is responsible for interviewing, training, and supervising volunteers providing a variety of services.

The Vocational Technical Department offers five programs (auto body, auto mechanics, electrical, plumbing and pipefitting, and welding) that enable offenders to become productive citizens after release. The length of each program is 1,300 hours to 2,650 hours. GED classes and tutoring are available at night. Offenders can obtain employment skills through Mississippi Prison Industries Corp's clothing manufacture operations.

Through the state's contracted healthcare vendor, Centurion, LLC provides onsite medical services to its offenders and those at the regional facilities in south Mississippi. These onsite services include, but are not limited to, emergency care, infirmary care, dental, optometry, clinical, and pharmaceutical services. Specialty care services are also available through a network of off-site contracted hospitals and specialty care providers.

ACA Re-accreditation: February 2015-2018
Staffing: 16 Non-Security; 22 Security
Average Per Diem: \$29.74 per inmate
Inmate Custody Level: Medium

Deputy Administrator Technology and Programs

Audrey McAfee

Audrey McAfee has more than 30 years of experience as an information technology professional and correctional business analyst. She was appointed Deputy Administrator in 2017. She has directed management of the information systems since 2002 and oversees Inmate Treatment & Programs and Records. She has served in several other positions, including as director of policy and planning from 2001 to 2002; lead programmer analyst from 1989 to 2001; research statistician from 1988 to 1989; and accounting clerk from 1986 to 1988.

In her role as Chief Information Officer, McAfee provides timely analyses and makes recommendations to meet legislative changes and to implement new or modified programs. Essentially, she translates requirements into action plans and provides the leadership necessary to ensure business needs are addressed efficiently and effectively. She is on the front line of prison operations in the state, and has played an instrumental role in criminal justice reform achieved under legislation enacted in 2014.

McAfee has a Master of Business Administration degree from Belhaven University and a Bachelor of Science degree in chemistry from Tougaloo College. Also, she has various certificates from the State of Mississippi IT Course Work. She is the agency representative on the Mississippi Wireless Communication Commission.

Treatment and Programs

The Division of Treatment and Programs plays an integral part in the operations of the state's correctional facilities. The division provides programs and services designed to improve the incarcerated resident and their chances of success upon release and to comply with court orders.

The program component includes: education, Adult Basic Education (ABE), General Education Degree (GED), vocational programs, pre-release, religious and volunteer services, administrative remedy program, re-entry program, inmate legal assistance program, Mississippi Prison Industries, Recidivism Reduction Program (RRP), and the youthful offender program.

**Because of the COVID-19 pandemic, many of the usual programs offered were suspended as safety protocols were followed. This also resulted in a lower participation rate in programs that were allowed to continue.*

EDUCATION

The mission of the schools is to offer classes that will enable all returning citizens who desire training to enroll, succeed, and return to their communities as productive citizens with the skills needed to succeed in the workforce.

The Education Department provides training that meets the academic, workplace development, and vocational needs of returning citizens. Adult education and vocational classes are offered at the three state institutions: Mississippi State Penitentiary at Parchman (MSP), Central Mississippi Correctional Facility (CMCF), and South Mississippi Correctional Institution (SMCI).

Academic and vocational classes for youthful residents 17 years of age and younger are provided at the Youthful Offender Unit (YOU) School at CMCF. Adult education classes are also offered at the private and regional facilities along with vocational classes at some of the private and regional facilities.

Vocational night classes are offered at MSP through Mississippi Delta Community College. Residents who wish to enroll in college classes may take correspondence courses. They are responsible for their college tuition fees.

In 2020, the MDOC served 355 people in the Adult Education Division and 400 offenders in Vocational Education. Other programs include Smart Start Certifications, National Career Readiness Certification (NCRC), and the National Center for Construction Education and Research (NCCR).

RE-ENTRY

The mission and vision for the Re-Entry Department is to help returning citizens and communities move forward by enhancing re-entry partnerships. The MDOC has partnered with numerous agencies and have implemented several programs to assist returning citizens. A few examples of this collaboration include working with Feeding the Gulf Coast Outreach Program (SNAP), Department of Human Services (Child Support), Governor's Job Fair Network (Reentry Job Fair), and ASC (Housing).

MDOC launched the SSI/SSDI Outreach, Access, and Recovery Program (SOAR). The program is designed to increase the number of SSI/SSDI approvals for incarcerated residents at risk of homelessness and those with serious mental illnesses and other disabilities. The goal is to have SOAR-trained staff across the agency.

2020 ► MDOC Annual Report

PRE-RELEASE

Pre-Release assists returning citizens with identifying career interest, developing resumes, conducting job searches, becoming financial aware and developing new positive behaviors that will impact their real world experience. Pre-Release also assists individuals with educational needs through the Adult Education Program in which they may also complete GED preparation, remedial education, and adult literacy.

Incarcerated residents participate in Thinking for a Change (T4C), and Moral Reconciliation Therapy - cognitive behavioral programs addressing the cognitive social and emotional needs. Participants can receive the National Career Readiness Certification (NCRC), which certifies the work skills needed for success in jobs across industries and occupations.

INCARCERATED VETERANS PROGRAM

The MDOC offers U.S. military veterans a holistic, full-service therapeutic community at the Central Mississippi Correctional Facility. Any classified inmate is eligible for the program provided that he or she is a verified veteran, served a minimum one day of active duty service, has any discharge other than dishonorable, and has verifiable DD214. The Incarcerated Veterans Program houses approximately 70 inmates and priority is given to those with less than 18 months remaining on their sentence. The goal of the program is to reduce recidivism through development of job skills and employment placement prior to release. To achieve this goal, the program offers a 30-hour weekly curriculum core courses. Mandatory classes include cognitive behavioral programs, life skills, and online courses. Additionally, electives include: NCCER trade courses, The Better Man Lecture Series, substance abuse education group sessions, and Retrieving Freedom Dog Training.

Alcohol and Drug Treatment Programs

The mission of the Alcohol and Drug (A&D) Program is to provide clinical treatment and rehabilitation services to individuals who have co-occurring mental health conditions or who have committed an alcohol and/or drug crime(s). The goal is to address the substance use disorder using evidence-based curriculums (e.g., Cognitive Behavioral Therapy, Dialectical Behavioral Therapy, 12-step facilitation, mindfulness, meditation classes, Betty Ford On Demand Living in Balance Curriculum, art therapy, along with psychoeducation about drugs of abuse and clinical treatment team meetings) aimed at correcting ineffective behaviors and unhelpful thought patterns. These clinical A&D services are provided to offenders who are court ordered to alcohol and drug treatment, parole pending completion, Intensive Supervision Program, MDOC referral or volunteer.

**Because of the COVID-19 pandemic, many of the usual programs offered were suspended as safety protocols were followed. This also resulted in a lower participation rate in programs that were allowed to continue.*

The Alcohol and Drug Program also provides re-entry referrals to offenders discharging for primary and secondary A&D treatment facilities, Alcoholics Anonymous, Narcotics Anonymous and Cocaine Anonymous meetings and home placement recommendations. In most cases, through interdisciplinary treatment team meetings and planning, offenders are offered tailored transition plans prior to discharge from our treatment programs.

Mississippi State Penitentiary (MSP) provides an A&D program for offenders with at least six to 30 months remaining in their sentence. The A&D Treatment Center units house 100 treatment beds, group rooms and classrooms.

Central Mississippi Correctional Facility (CMCF) provides both a 12-week traditional A&D program and a long-term program (6 months to 12 months) for female and male offenders. In addition, a 12-week treatment program is available for special needs (disability) male offenders. The traditional 12-week A&D program based on principles of Alcoholics Anonymous is provided for special needs (disability) offenders at Central Mississippi Correctional Facility. A 12-week basic A&D psychoeducation program is provided to eligible offenders housed in high risk, lockdown, and protective custody units.

The A&D Residential Treatment Program, operating the CMCF 720 Unit, is designed to treat incarcerated individuals who have been court ordered for Substance Use Disorders treatment (SUDS) or referred by the Parole Board or MDOC. The program is designed to: 1) improve identification of co-occurring disorder diagnoses by utilizing the Global Assessment of Individual Needs (GAIN-Q3); 2) provide empirically validated substance use disorder(s) (SUDS) treatment programming; and 3) provide integrated pre and post-release treatment and recovery support services. Services are provided by MDOC and Region 8 Mental Health behavioral specialists funded through the Department of Mental Health.

South Mississippi Correctional Institution (SMCI) provides both a traditional 12-week A&D program and a long term (six month) program for general population offenders.

The Residential Substance Abuse Treatment (RSAT) Program is operated in the Flowood, Pike and Quitman Community Pre-Release Centers for offenders who are within six months to one year of release. The offenders provide work in the community during the day and attend A&D clinical treatment in the evening.
