Commissioner Burl Cain

Burl Cain is a renowned correctional professional known for his transformative and innovative work in the Louisiana prison system during a storied career spanning more than 40 years. Gov. Tate Reeves appointed him as Commissioner for the Mississippi Department of Corrections effective May 21, 2020.

Cain retired from the Louisiana Department of Corrections (LDOC) after leading an evolution of change at the Louisiana State Penitentiary (LSP), once known as the “Bloodiest Prison in America.” Under his 21 years of leadership, LSP, the state’s only maximum security prison, became one of the safest, most secure, and progressive maximum security prisons in the nation.

The prison houses more than 6,300 inmates with more than 4,000 serving life sentences for violent crimes. Two award-winning films about the prison were produced during Cain’s administration. The stories are “The Farm: Angola, USA” (1998) and “The Wildest Show in the

South: The Angola Prison Rodeo,” (1999), which was nominated for an Academy Award for Best Documentary Short.

In addition to film, Cain’s work at Angola also has been the subject of numerous articles and books. The book *The Angola Prison Seminary* contains evidence-based research from Baylor University substantiating the reduction in violence and other positive effects of the faith-based ministry. Another book is *Cain’s Redemption: A Story of Hope and Transformation in America’s Bloodiest Prison*.

Cain serves as CEO and Founder of Global Prison Seminars Foundation, a nonprofit organization that promotes positive changing of prison culture through theological education programs in prisons throughout the United States and internationally. Prison Seminary Model programs now exist in 17 states, including Mississippi.

Cain earned a Bachelor of Science degree in vocational agriculture from Louisiana State University and a Master of Science in criminal justice from Grambling State University. Cain is a Certified Corrections Executive through the American Correctional Association and is an Emotional Intelligence Certified Practitioner.

STATE OF MISSISSIPPI
DEPARTMENT OF CORRECTIONS
BURL CAIN
COMMISSIONER

Dear Fellow Mississippians:

I present to you the annual report of the Mississippi Department of Corrections for Fiscal Year 2022. This report is a snapshot of the department's activities from **July 1, 2021, to June 30, 2022**. The Mississippi Legislature authorized an appropriation of \$323,552,322 from the general fund and \$30,045,036 from special funds.

We have come a long way in a relatively short amount of time since the start of our administration and in this year, we have continued to work toward our initial goals while setting new ones and achieving them too. There is much more that needs to be done and more that can be done as long as we all work together.

At this point, we are pretty much out from under the COVID-19 pandemic and operations have returned to normal. However, we have remained vigilant toward COVID because it is still out there. We went through a tough time, but I am proud of the way we handled that experience.

We have so many things going on in the MDOC and a big part of our focus is getting inmates educated and skills learned so when those eligible for release get out, they have a better chance of getting a job and not coming back. A good example of that is our new Mobile Welding Training Center that we opened. We are continuing to focus on moral rehabilitation through our partnership with the New Orleans Baptist Theological Seminary. Inmates are earning degrees and we're training them as field ministers to help other inmates in their zones. Moral rehab is the only true rehabilitation and we are making progress in turning inmates' lives around to be better citizens.

We still have many challenges in recruiting corrections officers and other needed personnel. We also need probation and parole agents. We are working hard to get the word out to the public about the benefits and career opportunities available for people who join our team. It has been slow, but we are making progress.

Finally, we have made air conditioning in our prison system a reality for our inmate housing units for the first time in our state prisons' history. We started with the prison at Parchman and we're making progress toward the other facilities. It will be a time consuming and expensive process, but we will get it done.

We are continually moving as fast as we can to put all the pieces in place for the Mississippi Department of Corrections to be a viable, productive, economically sound, and efficient agency to support the best prison system possible for the people of Mississippi.

Sincerely,

Burl Cain

Commissioner

Highlights

MDOC freezes visitation at prisons due to COVID Delta Variant

July 27, 2021 – Mississippi Corrections Commissioner Burl Cain announced that to protect Mississippi's 17,300 prisoners, MDOC is suspending all visitation in state prisons until further notice to diminish the possibility of infection from the COVID Delta variant.

The Center for Disease Control and Prevention reported Monday that the seven-day moving average of COVID cases shot up 46.7-percent in one week. Mississippi Department of Health officials reported that less than one-third of Mississippians, or 32%, have been vaccinated.

All state prisons reopened to visitation beginning November 1.

New leader named at South Mississippi Correctional Institution

August 16, 2021 – Commissioner Burl Cain announced the appointment of Brand Huffman as superintendent of South Mississippi Correctional Institution in Leakesville. He replaced Andrew Mills, who retired.

Superintendent Huffman came to the MDOC after leading one of the 15 regional facilities. He spent 14 years as warden at the Chickasaw County Detention Center and the Chickasaw County Regional Correctional Facility. Under his leadership, the correctional facility maintained accreditation with the American Correctional Association and the U.S. Department of Justice PREA Standards and provided educational programs, including horticulture, forestry, and animal science, to inmates through a partnership with Mississippi State University Extension Service.

Corrections group aids recovery following Hurricane Ida

October 5, 2021 - Twenty-one Mississippi Probation & Parole officers traveled over 200 miles to help 600 Louisianans, most of whom are still homeless because of Hurricane Ida. Most of the population of the Jean Lafitte community ten miles south of New Orleans was devastated by Ida and remained without power.

Mississippi Department of Corrections Probation & Parole Community Corrections Director in Pascagoula, Terri Maranoci, said, "When we arrived, the community was still torn up with mud caked over everything like lava flows. People were living in cars and sleeping on picnic tables. Most houses are still flooded out. Many are being bulldozed. Power lines are still down. Animals are roaming freely."

MDOC carries out execution of David Neal Cox

November 17, 2021 - Convicted murderer David Neal Cox was executed at the Mississippi State Penitentiary at Parchman. Cox was pronounced dead at 6:12 p.m. Central Standard Time by Sunflower Coroner Heather Burton. Cox died after a mixture of three chemicals -midazolam, vecuronium bromide, and potassium chloride, as identified in court papers, were introduced into his left arm without incident.

"He died peacefully and without incident. I've never seen an execution go smoother," Corrections Commissioner Burl Cain said.

New Mobile Welding Training Center unveiled for inmates to learn skills

December 17, 2021 - MDOC started another program to help inmates get good jobs when they leave. Commissioner Burl Cain and staff unveiled a Mobile Welding Training Center that can be used at all state correctional facilities. The 53-foot-long 18-wheel trailer houses eight high-tech welding simulators to train inmates for careers in welding. “Mississippi is working hard to reduce the recidivism rate. One of the main reasons inmates come back when they’re released is they have inadequate job skills. We can help them overcome this with training and that keeps our communities safer,” Corrections Commissioner Burl Cain said.

Major study of Mississippi prison program begins

June 23, 2022 - Mississippi’s state prisons, inmates, and programs will be under a microscope for the next two years by two of the country’s leading research universities. The President of Pepperdine University, Jim Gash, and renowned criminal justice researcher, Dr. Byron Johnson at Baylor University, are teaming up to study MDOC Commissioner Burl Cain’s changes to Mississippi’s prisons. The intensive 2-year research project will include Gash, Johnson, and their teams looking at the prison system from different perspectives. The researchers are meeting with inmates, corrections officers, and Commissioner Cain to observe how re-entry and seminary programs are helping inmates improve their lives.

Air conditioning comes to inmate housing at Mississippi State Penitentiary

June 28, 2022 - Inmates will enjoy cooler conditions during Mississippi’s hot summer months as efforts began to culminate in air conditioning in housing units. MDOC is initially combining budget funds with funding from the American Rescue Plan Act of 2001 (ARPA) to start the project of acquiring HVAC units. The project began with the Mississippi State Penitentiary at Parchman with the goal of eventually outfitting all of the state’s facilities as additional funding becomes available.

2022 Legislation

The following bills relevant to the MDOC became laws following the 2022 Session:

- **HB 863** - Revises board of directors for prison industries
- **HB 936** - Allows hospice and medical parole
- **HB 1052** - Creates Deputy Commissioner of Workforce Development who is also CEO of prison industries
- **HB 906** - Allows anyone sentenced to MDOC to serve conviction in any county jail
- **HB 919** - Authorizes DFA and MDOC to establish leasing policy for agricultural equipment
- **HB 920** - Establishes an inmate incentive program
- **HB 1479** - Changes Death Penalty statute
- **SB 3013** - Provides MDOC appropriations for 2022-2023
- **SB 3062** - Provides MDOC's share of ARPA funds
- **SB 2273** - Authorizes employer to supervise employees in lieu of reporting
- **SB 2437** - Creates a pilot "Work Initiative" program at the Central Mississippi Correctional Facility.

Victims Services

The Division of Victim Services (DVS) - The DVS overall has registered **10,848** victims from Nov. 1, 2000 - the program's beginning date - until June 30, 2022.

Statewide Automated Victim Information and Notification (SAVIN):

- New VINE registrations (county/state) = **53,764**
- Total VINE registrations ending June 30 = **86,187**
- Total VINE searches (county/state) = EVINE **19,584**
- Total VINE notifications released (county/state) = EVINE **218,175**

The DVS, in collaboration with the SAVIN Director and the Attorney General Victim Advocates, program materials outlining the victim-based services provided by MDOC, had been delivered to select District Attorney Offices, law enforcement agencies, victim-based service providers, and college/university campuses. In addition, materials were also distributed elsewhere via shipment. The DVS also utilized partnerships with District Attorney Offices Victim Assistance Coordinators throughout the state to ensure awareness that unregistered victims will be provided information or be referred directly to DVS/SAVIN.

MISSION STATEMENT

To enhance public safety by providing safe and secure facilities, effective supervision, and rehabilitative services that transform lives.

VISION STATEMENT

The vision of the Mississippi Department of Corrections is to be a professional organization that is honorable, innovative, and fiscally responsible.

CORE VALUES

INTEGRITY — MDOC Employees serve as positive role models and conduct themselves professionally through fair, honest, and ethical behavior.

ACCOUNTABILITY — MDOC employees accept responsibility at all levels for decisions, actions, and consequences.

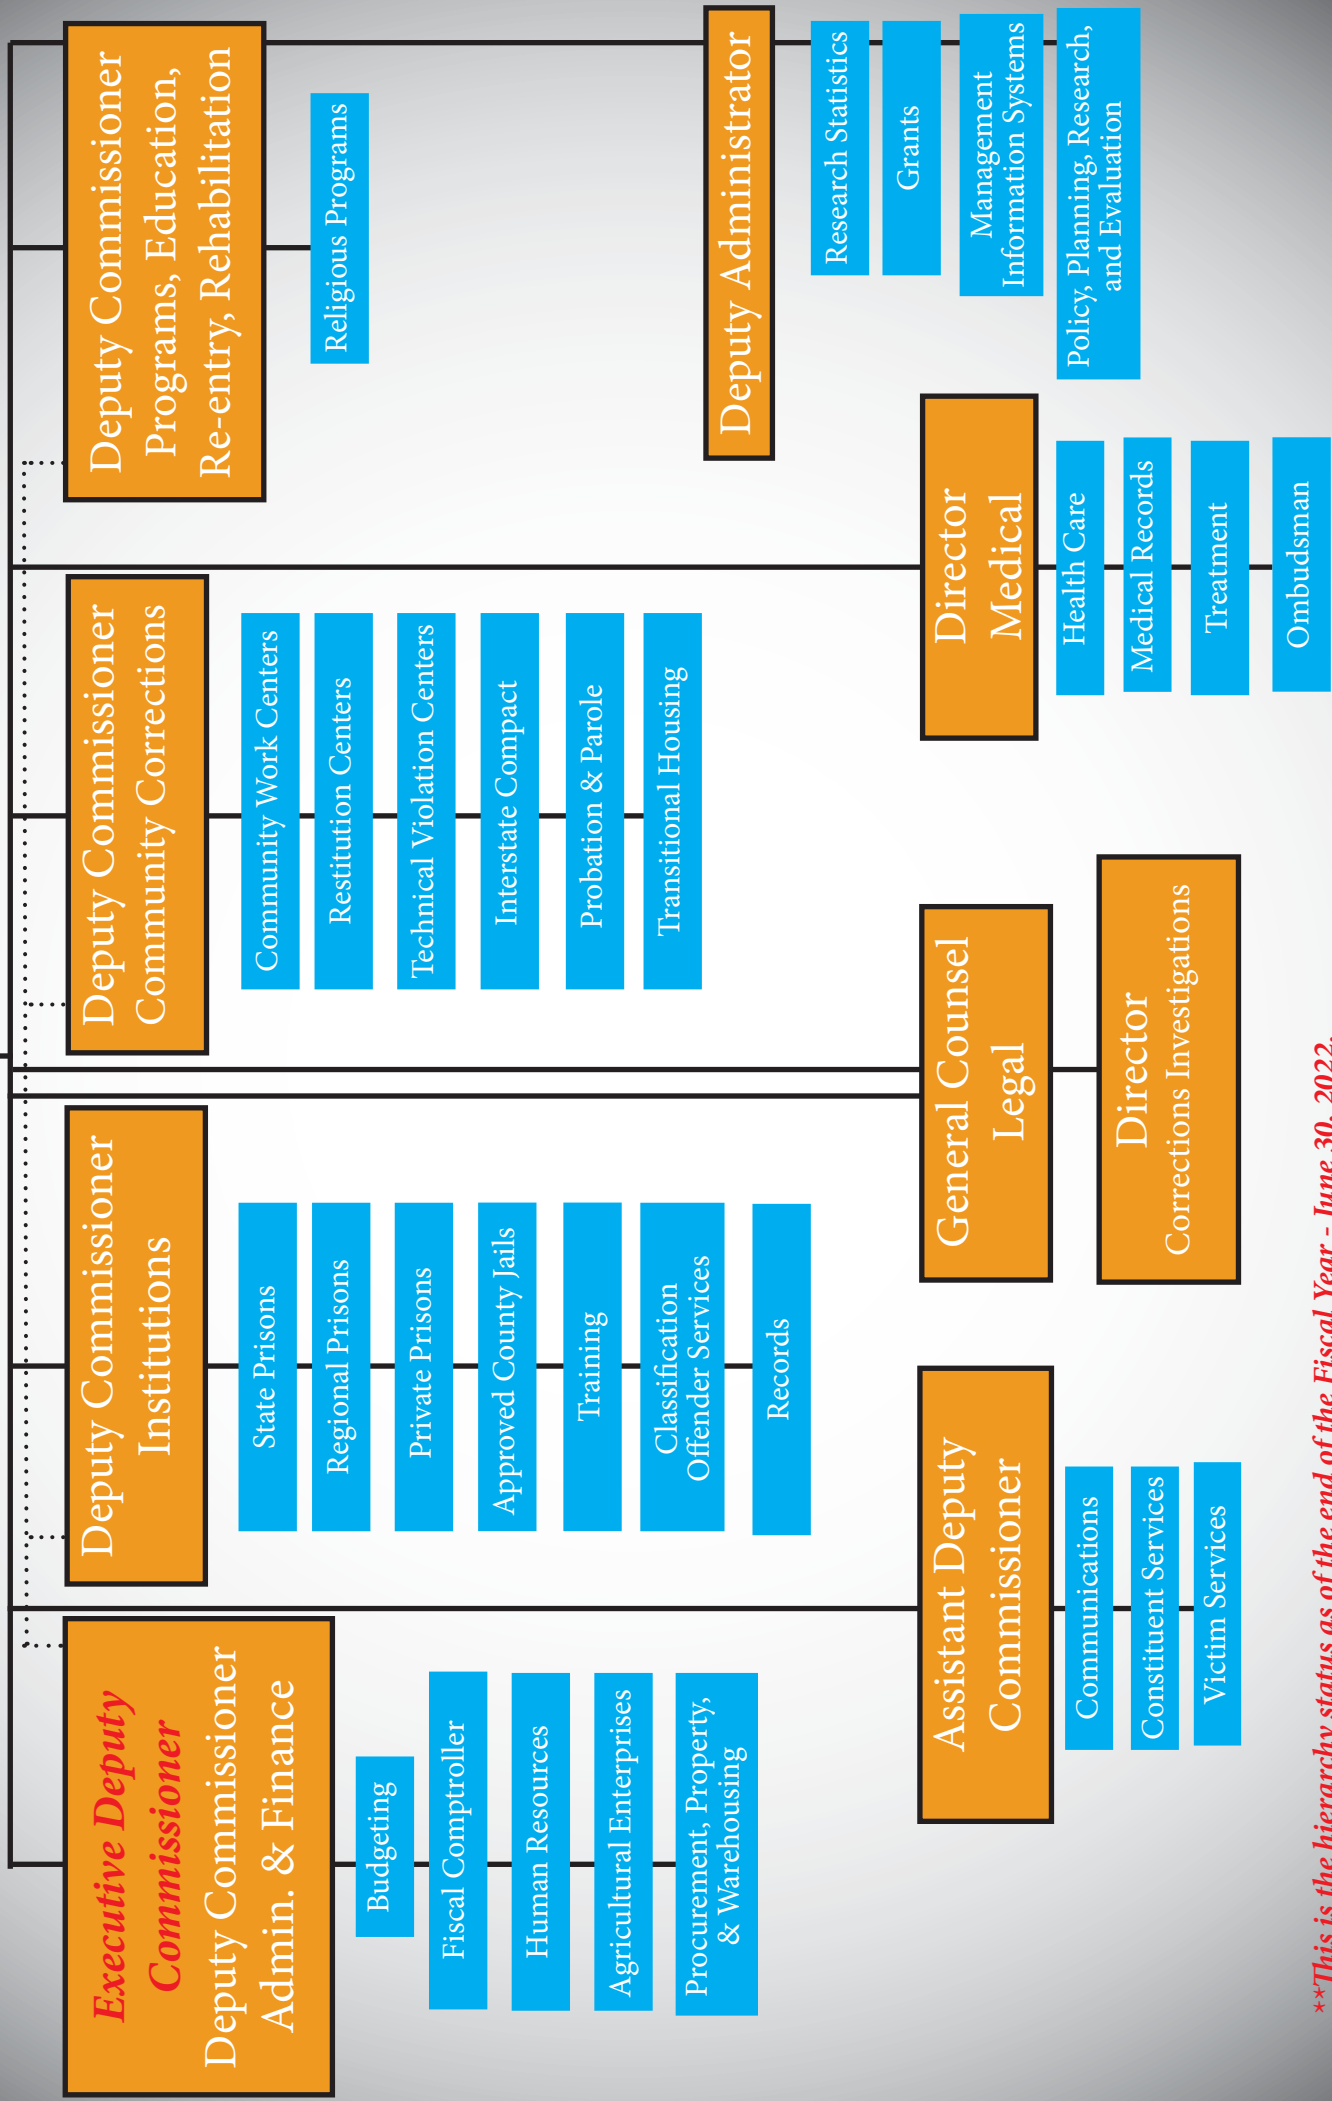

FAIRNESS — MDOC employees perform their duties in a just manner free of discrimination and favoritism.

COMPETENCE — MDOC employees possess the skill, knowledge, qualification, and capacity to perform their duties effectively.

CONSISTENCY — MDOC employees promote and demonstrate uncompromising moral conduct, behavior, and actions in all of our decisions.

Administration and Finance

Executive Deputy Commissioner Deputy Commissioner

Karei McDonald, Jr.

Karei McDonald, Jr. has a long and distinguished career in state government, with 30 years of experience working for three state agencies. He serves as Deputy Commissioner of Administration and Finance for the Mississippi Department of Corrections, a position he has held since February 2020.

In early 2021, the title of Executive Deputy Commissioner was added to McDonald's duties, a capacity in which he serves as the chief executive of the agency when the Commissioner is absent.

McDonald came to the MDOC from the Office of the State Auditor, where he had worked since August 2004. Positions he held included director of performance audit, deputy director of investigations, senior special agent for investigations, and special agent for investigations.

McDonald has extensive experience in criminal and civil cases, audit reviews, personnel management, and other areas combining law enforcement with accounting and fiscal accountability.

McDonald, a Jackson native, earned a Bachelor of Science degree in business administration from Mississippi College. He is also a graduate of the Mississippi Law Enforcement Officers Training Academy, the Federal Bureau of Investigation National Academy, and the Mississippi Association of Chiefs of Police/F.B.I. Command College.

Additionally, McDonald is a certified law enforcement officer, certified fraud specialist, certified fraud examiner, and certified Office of Inspector General investigator.

McDonald has earned the respect of the law enforcement community through his service. He is a former president of the Greater Jackson Law Enforcement Officers Association and was honored as a Top Cop recipient for the Central Mississippi Crime Stoppers in 2010.

Mississippi Prison Agricultural Enterprises

Agricultural Enterprises, a program under the Division of Administration and Finance, is responsible for farming operations at the Mississippi State Penitentiary (MSP) in Parchman and South Mississippi Correctional Institution (SMCI) in Leakesville. Most of the farming occurs at Parchman. Minimum custody residents can participate each year in planting, harvesting, and processing crops, including vegetables and fruits. The crops are shipped to MDOC facilities to feed the incarcerated adults to help reduce food cost.

The Mississippi Prison Agriculture Enterprise (MPAE) program leased 10,041 acres in Sunflower and Quitman counties for a total revenue of \$1,178,851.26 in fiscal 2022. The amount brought the average rent per acre to \$115.72. MPAE farmed about 3,850 acres in Sunflower County, growing soybeans and vegetables.

Garden crops included blueberries, cabbage, cantaloupes, cucumbers, green beans, pecans, squash, sweet corn, turnip greens, and watermelons.

Soybean production was about 109,420 total bushels with a revenue of \$1,174,150.54. The vegetable operation produced 289,780 pounds of vegetables on approximately 75 acres. The value of the donated foods was about \$180,654. The prices are based on the Atlanta Market.

Community Corrections

Deputy Commissioner

Nathan Blevins

Deputy Commissioner Nathan Blevins worked his way through the ranks of Community Corrections at the Mississippi Department of Corrections to lead the division and serves with the distinction of having a sworn law enforcement officer background.

He began as a probation and parole officer, also known as a field officer, in January 2003, and was promoted to Community Corrections Associate Director and then Community Corrections Director. Seventeen years later, he had become the leader. In addition to managing the supervision of individuals on supervision in Mississippi's three Community Corrections Divisions, he is also in charge of the Emergency Response Teams.

Blevins was a member of the Mississippi State University Police Department for five years before joining the MDOC. He graduated the Mississippi Law Enforcement Officers Training Academy in Pearl. The Aberdeen native, who grew up in Caledonia, attended East Mississippi Community College, where he earned an Associate of Science Degree and received All-American honors while playing football under the renowned Coach Tom Goode. He went on to receive a Bachelor of Science degree in criminal justice and sociology at Mississippi State University. He served in the Mississippi Army National Guard for nine years.

Blevins, a member of the Omega Psi Phi Fraternity, is the recipient of numerous awards, including Employee of the Month and Employee of the Year Nominee for the MDOC. He also received Top Cop honors while serving in the academy and was nominated for Professional of the Year at MSU. He has completed several courses taught by the FBI and is trained in both basic and advanced SWAT.

Community Corrections includes work centers, restitution centers, technical violation centers, and transitional housing. Also, the division is charged with the supervision of individuals who serve their sentences in the community through the following types of releases — house arrest (the Intensive Supervision Program), probation, parole, medical release, and earned release supervision (ERS).

FACILITIES

Community Work Centers

The community work centers include minimum security residents who are provided a gradual re-introduction into community life. The centers provide alcohol and drug counseling, GED preparation, and religious programs. Residents perform a wide range of labor at no cost to city, county, and state government agencies and school districts. This work includes community beautification projects, bridge and road repair work, vehicle maintenance, water and sewer, and sanitation details.

Restitution Centers

The restitution centers assist individuals under the supervision of the state in obtaining employment as a condition of their probationary sentence. They are located in Greenwood, Flowood, Jackson, and Pascagoula. Money earned by residents is distributed to crime victims for restitution, courts for court costs and fines, and MDOC for room and board. The remainder of the wages, after taxes, goes to the residents' families or the residents' holding account. Upon completion of the program, the residents are referred to a probation/parole agent for supervision and remain with the agent for their probationary sentence.

Technical Violation Center

The technical violation centers — males only based at the Delta Correctional Facility in Leflore County and females only at the Flowood Community Work Center in Rankin County. The centers were created under House Bill 585, which took effect July 1, 2014. Individuals are sentenced to a TVC for an act or omission that violates a condition or conditions of being placed on community supervision (parole, probation, or post-release supervision). The TVC is designed to address the underlying factors leading to the violation, including substance abuse.

Transitional Programs

Unlike a technical violation center, transitional centers house residents released from the Department of Corrections on parole, probation, or post-release supervision who need temporary housing and services that reduce their risk to re-offend. MDOC has both state-operated and private transitional facilities.

Portions of four community work centers have been converted to serve as transitional centers: Flowood Community Work Center, Noxubee County Community Work Center, Madison County Community Work Center, and Wilkinson County Community Work Center. The MDOC contracts with Crossroads Outreach Ministries in Madison, New Way Mississippi Inc. in Jackson, Sober Living Residential in Meridian, and Mississippi Offender Re-Entry Experience (MORE) in Jackson.

SUPERVISION

The Probation & Parole Division is responsible for supervising individuals serving sentences in the community in three regions (North, Central, and South). Each region has a Community Corrections Director (CCD), and that person reports directly to the Deputy Commissioner of Community Corrections.

Probation

Probation is an alternative to incarceration. A circuit judge has the sole authority to order probation for a defendant. Individuals sentenced to probation must successfully complete the requirements imposed by the court.

Parole

Parole is a form of early release from incarceration. Multiple factors are taken into consideration, such as type of offense, institutional conduct, and participation in rehabilitative programs. Whether or not an individual is released early to parole is within the complete discretion of the Mississippi State Parole Board.

Intensive Supervision Program

The Intensive Supervision Program (ISP), commonly referred to as house arrest, provides supervision in a community-setting rather than incarceration. Only a judge can sentence an individual to house arrest. Supervised individuals are required to wear electronic monitoring equipment and are limited in most cases to employment, treatment, and worship services activities. Each individual maintains a custody status and can be immediately placed in an MDOC facility upon violation of the program.

Earned Release Supervision

Earned Release Supervision is a program whereby an individual eligible under applicable state law, including Mississippi Code § 47-5-138 through § 47-5-140, may earn their conditional release to community supervision through good behavior and performance requirements of the earned time allowance program. Once the individual has met the requirements for release, a probation and parole agent conducts a residence investigation. The residence must be approved prior to release. ERS participants retain custody status. The period of ERS is conducted in the same manner as time on house arrest.

Medical Release

State law (§ 47-7-4) permits incarcerated individuals with serious medical conditions to be transferred under certain conditions to Community Corrections. The commissioner and the chief medical director may place a nonviolent individual on conditional medical release regardless of time served. Violent offenders must serve at least one year of their sentence before being eligible for conditional medical release.

ALTERNATIVES TO INCARCERATION

Drug Court

Drug court is a specialized court that handles cases of individuals with drug and alcohol dependency. It seeks to rehabilitate participants through treatment and intense supervision with frequent court appearances and random drug testing. It offers the incentive of a chance to remain out of prison and be employed. However, participants can be sanctioned with a prison sentence, if they fail to remain drug-free.

Pre-Trial Diversion

The Pre-Trial Diversion program is an alternative to a felony conviction. Defendants voluntarily submit to supervision ranging from six months to three years. Charges may be dismissed if the period of supervision is successfully completed.

INTERSTATE COMPACT

Mississippi participates in the Interstate Compact for Adult Offenders. Under the terms of the compact agreement, the MDOC provides courtesy supervision to probationers and parolees from other states in exchange for courtesy supervision of Mississippi's incarcerated individuals residing in other states.

PROGRAMS

Thinking for a Change (T4C)

Thinking for a Change is a cognitive-behavioral therapy model that has been proven to be effective in changing criminological thinking patterns. Thinking for a Change classes are now being offered not only in Institutions but also in Community Corrections.

Alcohol and Drug Treatment

Alcohol and drug treatment programs are provided at several community-based residential facilities.

Education

Adult-based education and GED programs are provided at several community-based residential facilities.

Resource Assistance Program (R.A.P.)

There are 26 R.A.P. program coordinators statewide to assist probation and parole agents in monitoring supervised individuals' treatment needs, employment, and additional barriers to their successful re-entry.

DRUG TESTING

Probation & Parole Agents are responsible for drug testing the offender population each month, either routinely or based upon suspicion.

Institutions

Deputy Commissioner

Jeworski Mallett

Jeworski Mallett is Deputy Commissioner of Institutions for the Mississippi Department of Corrections where he has served since February 2020. Before this appointment, he served as director of Records since 2013.

Mallett received the “2020 Excellence in State Government” award.

“Because of your leadership, because you are a team player and the fact that you have stepped up in these challenging times, I want you to know from me personally that it’s made a difference. The place we find ourselves today at the Department of Corrections is literally night and day from the place we found it when we came in 11 months ago. And, Jay, you had outstanding competition,” Gov. Tate Reeves said.

Mallett has nearly 20 years of work experience in the correctional system, beginning his career as a correctional officer at the Mississippi State Penitentiary, the oldest prison in the state. While at MSP, he was assigned to maximum security Unit 32, which housed death row, maximum security, protective custody, and inmates in segregation. Since then, he has held various positions to include investigator, classification hearing officer, operations management analyst, principal, deputy warden of Support Operations, division director of Institutional Operations, and interim training director, while moving up the ranks within the MDOC.

Mallett has worked with various criminal justice agencies across the country on projects surrounding administrative and protective custody offender populations. He played a key role in assisting the MDOC in revising its Use of Force, Administrative Segregation, Offender Disciplinary, Protective Custody, and Classification Policies and Standard Operating Procedures. Also, he has presented on administrative segregation in Mississippi at the American Correctional Association (ACA) conference.

Mallett completed his undergraduate studies in Business Administration at Alcorn State University and holds an MBA from Delta State University in Management/Administration. He also is a certified public manager. Mallett is a member of Alpha Phi Alpha Fraternity Inc., the ACA, and the Mississippi Association of Professionals in Corrections (MAPC).

He is also a 2016 MDOC Distinguished Employee of the Year and has received numerous Extra Effort Awards. In June 2020, Mallett was honored with a commendation and awarded a Commissioner’s Coin from Commissioner Burl Cain. Mallett was congratulated for his work in leading the institutions division through its COVID-19 response.

Superintendent*
Marc McClure

Mississippi State Penitentiary

P.O. Box 1057
Parchman, MS 38738
662-745-6611

The Mississippi State Penitentiary (MSP) is the state's oldest institution, opening in 1901. It is located on approximately 18,000 acres at Parchman in Sunflower County. It has 3,560 beds, 58 support buildings and seven different housing units, ranging in size from 56 beds at Unit 42 (hospital) to 1,568 beds at Unit 29.

MSP is authorized for 635 full-time permanent positions, nine are time limited full-time, and nine are part-time.

MSP houses all male inmates who are classified as protective custody, administrative segregation, administrative long-term segregation, and death row. The custody levels are minimum, medium, and close.

MSP inmates provide more than 100,000 hours of free labor each year to adjacent municipalities and counties, as well as assisting other state agencies.

The majority of the farming activity involving Mississippi Prison Agricultural Enterprises (MPAE) happens at MSP. MPAE supplies food to Parchman and the other state prisons, community work centers and restitution centers.

Mississippi Prison Industries Corp. (MPIC) operates a work program for its textile and metal fabrication.

Also, unlike the other state prisons, MSP has its own hospital. Health care is contracted through VitalCore Health Strategies, which provides medical services 24 hours a day. VitalCore's staff and MSP Hospital is full service licensed.

Another unique feature of Parchman is that it is the facility where state executions are carried out. All executions are carried out at Unit 17 by lethal injection.

Parchman cemetery is also located on prison grounds. Inmates whose families cannot afford to bury them or those who do not have family members to claim their remains are buried on two acres. Records show that the first burial was in 1930.

Programs offered at MSP include: therapeutic recreation, religious programs, independent study and tutorial programs, pre-release, faith based program, alcohol and drug program, ABE/GED programs, Administrative Remedy Program (ARP), PACT, agri-business, auto body and fender, auto mechanics, carpentry, diesel mechanics, communications systems installer, heating, air conditioning and refrigeration, industrial electricity, marine maintenance, welding, and culinary arts.

**Timothy Morris served as Superintendent through the first half of April 2022. Marc McClure became Superintendent in the latter half of April 2022.*

Superintendent*
Derrick Chambers

Central Mississippi Correctional Facility

P.O. Box 88550
Pearl, MS 39208
601-932-2880

The Central Mississippi Correctional Facility (CMCF) was established in 1986 and built on 171 acres in Pearl in Rankin County. The facility was expanded in 1996 and now includes 18 housing units and 10 support buildings to accommodate its current capacity of 4,102 Offenders. CMCF is the first stop for individuals sentenced to the Mississippi Department of Corrections (MDOC). It provides initial orientation and classification.

CMCF is authorized to have 609 full-time positions, five time-limited full-time, and one part time.

Of the state prisons, CMCF is the only facility to house female inmates and youthful offenders. Its population consists of both male and female inmates of all custody levels (minimum, medium, and close) to include female inmates sentenced to death.

Youthful offenders are housed in a separate facility. The Youthful Offender Unit (YOU) opened on Dec. 12, 2012, as a separate, independent facility to serve individuals under the age of 18. It offers a wide range of programs to include Academic Classes, Vocational Programs, Mental Health Counseling, Psychological and Psychiatric Services in a group and individual basis, Alcohol and Drug Treatment, Social Services, Religious and Recreational Services.

MAGCOR (Formerly known as MPIC) operates a commercial print shop, a Johnson & Johnson Clean Room, which provides cleaning and sterilization of suture spools for its suture manufacturing operations; and a metal fabrication shop.

**Marc McClure served as Superintendent through the first half of April 2022. Derrick Chambers became Superintendent in the latter half of April 2022.*

Superintendent
Brand Huffman

South Mississippi Correctional Institution

P.O. Box 1419
Leakesville, MS 39451
601-394-5600

The South Mississippi Correctional Institution (SMCI), was established in 1989. It is the first prison in the state to receive accreditation from the American Correctional Association and the National Commission on Correctional Health Care.

SMCI sits on 360 acres at Leakesville in Greene County. It has 16 housing units and a maximum 3,082 beds. Men classified as minimum, medium, and protective custody are housed there as well as those in disciplinary detention, high risk incentive program, and long-term segregation.

The prison is authorized to have 357 full-time permanent positions and four full-time, time-limited positions.

SMCI provides free inmate labor to Greene County and adjacent municipalities and assists other state agencies. Inmates are assigned to the Greene County Road Crew and a mobile work crew.

Inmates can also work in the blueberry operations. The orchard was started at the prison in 2006 as a way to address inmate idleness and to teach inmates a trade skill in the blueberry industry. The blueberries help reduce food cost and serve as a healthier menu option.

Programs offered include: Adult Basic Education, Alcohol & Drug, Religious Programs, Vocational Programs, Inmate Legal Assistance, Pre-Release, and Therapeutic Recreation. The SMCI Education Department offers both Adult Basic Education (ABE) and General Educational Development (GED). Students have access to a full-time counselor. The Alcohol and Drug Program is both short term (12 weeks) and long term (six months) with individual and group counseling for treating alcohol and drug addictions. Other than alcohol and drug education, the classes and groups cover relapse prevention, coping skills, life skills/re-entry and post release, interview skills, anger and stress management, depression management, anxiety management, communication, and relationship skills. Upon successful completion, inmates are awarded a certificate. Services are also provided for community work center inmates and those in SMCI administrative segregation and protective custody units.

The Chaplains Department is responsible for all religious activities at SMCI. In addition to regularly scheduled religious programs, Bible classes are offered whereby the inmates may study together. The department has a pastoral and crisis ministry which includes spiritual guidance counseling during a crisis or grieving period. Chaplains also provide marriage counseling and coordinate the marriage process of those incarcerated. Additionally, this department is responsible for interviewing, training, and supervising volunteers providing a variety of services.

The Vocational Technical Department offers five programs (auto body, auto mechanics, electrical, plumbing and pipefitting, and welding) that enable offenders to become productive citizens after release. The length of each program is 1,300 hours to 2,650 hours. GED classes and tutoring are available at night. Inmates can obtain employment skills through Mississippi Prison Industries Corp.'s clothing manufacture operations.

Through the state's contracted healthcare vendor, VitalCore Health Strategies provides onsite medical services to its offenders and those at the regional facilities in south Mississippi. These onsite services include, but are not limited to, emergency care, infirmary care, dental, optometry, clinical, and pharmaceutical services. Specialty care services are also available through a network of off-site contracted hospitals and specialty care providers.

Warden
Chris Loden

Marshall County Correctional Facility

833 West St., Holly Springs, MS 38635
P.O. Box 5188, Holly Springs, MS 38634-5188
662-252-7111

The Marshall County Correctional Facility opened in June 1996 as a privately operated facility for MDOC. The facility received ACA accreditation in July 1997 and was re-accredited in March 2020. The facility was transferred to full operation and added to the MDOC institutions division in September 2021.

Legislative data for authorized positions was not available due to the facility being admitted to MDOC after the appropriations were made.

The facility has the capacity to house 1,000 inmates located on approximately 44 acres at Holly Springs in Marshall County. It has 900 beds spread among eight buildings and six housing units.

The facility houses male inmates only. There was no free labor for the community during this time. The custody levels include minimum and medium.

Programs for fiscal year end as of June 30, 2022, included:

- Adult Education (GED)
- Alcohol and Drug
- Anger Management
- Barbering
- Computer Skills
- Culinary Arts
- Faith Based Programs
- Financial Literacy
- Inside Out Dads
- Moral Reconciliation Therapy
- Music
- Workforce Readiness

Warden
Brady Sistrunk

Walnut Grove Correctional Facility

1650 MS Highway 492, Walnut Grove, MS 39189
P.O. Box 389, Walnut Grove, MS 39189
601-253-0700

Walnut Grove Correctional Facility was established in 1990. WGCF sits on 72 acres and has an additional 27 acres not connected. Walnut Grove is a small town in Leake County with a population of 1,675.

From 1996 to 2016, Walnut Grove was operated by privately owned companies and from 1996 to 2012, the facility's mission was to house youthful offenders. In 2012, the facility's mission changed and it housed adult offenders until the state closed the facility in 2016.

In November 2021, the MDOC reopened the facility. The Walnut Grove facility can house 1,496 inmates at full capacity. The inmates are offered several different re-entry programs while housed at the facility including Alcohol and Drug, Anger Management, GED, and Security Threat Management.

Legislative data for authorized positions was not available due to the facility being admitted to MDOC after the appropriations were made.

Administrative Remedy Program

MISSION

Effective April 18, 1994, the Mississippi Department of Corrections, pursuant to 42 U.S.C. section 1997, entitled “Civil Rights of Institutionalized Persons Act” (CRIPA) and part 40 of title 28, code of federal regulations, along with sections 47-5-801 et. seq. Mississippi code, 1972, annotated, installed in all of its institutions and facilities a formal administrative remedy mechanism for use by all inmates committed to the custody of the Department.

The Administrative Remedy Program exists under a Federal Court Order which states that the courts shall not entertain any grievance or complaint of an inmate incarcerated by the MDOC which falls under the purview of Administrative Review Procedures unless and until such inmate shall have exhausted the remedies as provided in such procedures and attached a certificate from the Administrator of the Program to that effect.

It is the policy of the Mississippi Department of Corrections that each inmate will be entitled to invoke the Administrative Remedy Program regardless of any disciplinary, classification, or other administrative or legislative decision to which the inmate may be subject. The good faith use of the administrative remedy process by inmates and the good faith participation in the administrative remedy process by inmates and staff will not result in any informal or formal reprisal. Any action or threat of action against anyone for the good faith use of or good faith participation in the administrative remedy procedure is strictly prohibited.

PROGRAM APPLICATION

The Administrative Remedy Program applies to all employees of the Mississippi Department of Corrections and all inmates committed to the custody of the Mississippi Department of Corrections. This includes inmates housed at the Mississippi State Penitentiary, Central Mississippi Correctional Facility, South Mississippi Correctional Institution, Private Prisons, County Regional Jails, Community Work Centers (CWC), Restitution Centers, House Arrest Program, County Jails and the Governor’s Mansion.

Inmates may submit a request for administrative remedy for situations arising from policies, conditions, or events within the Department of Corrections that affect them personally; including, but not limited to the following:

1. Lost Property Claims
2. Staff Conduct
3. Conditions of Confinement
4. Policy and Procedure
5. Incidents
6. Reprisals for Using this Process
7. Mail and Packages
8. Classification (to include discipline)

Programs, Education Re-Entry, Rehabilitation

Deputy Commissioner

Pedro C. Moreno

Pedro C. Moreno is the Deputy Commissioner for the Division of Programs, Education, Re-entry, and Vocational Rehabilitation. Mr. Moreno comes to MDOC with 30 years of experience in corrections, law, social rehabilitation, and economic development, and has worked with the federal government as well as state government. He has also served in the non-profit sector.

Moreno has also served as principal deputy director and advisor to the Assistant Secretary at the Administration for Children and Families at the U.S. Department of Health and Human Services in Washington, D.C. In that capacity, he served as designee to the National Institute of Corrections Advisory Board and as a member of the Federal Interagency Task Force on Re-entry and Prisoner Rehabilitation.

Moreno also had oversight of Responsible and Involved Fatherhood programs, waivers and flexibilities due to COVID, and coordination of social rehabilitation programs. He also developed and worked as national director for the Warden Exchange, a highly successful professional development program sponsored by Prison Fellowship as a transformational leadership program for prison CEOs and included wardens from San Quentin, Army Disciplinary Barracks at Fort Leavenworth, Rikers Island Jail Complex, and other correctional facilities in over 30 States.

Moreno has served as Deputy Secretary (Deputy Commissioner) at the Kansas Department of Social and Rehabilitation Services and in a similar position as Deputy Director for Operations at the Florida Agency for Persons with Disabilities. In each position, he had oversight of a \$1 billion budget and a staff of about 2,800, including high-level managers, and had close supervision of multiple detention centers including for sexual predators.

Moreno has also served as counselor to the Deputy Director for Demand Reduction at The White House Drug Policy Office (OND-CP), dealing with substance abuse including among prisoners, and as senior advisor to the Assistant Secretary for Children and Families at the Health and Human Services Department.

Moreno is an attorney with a master's in law and economic development from The Fletcher School of Law and Diplomacy at Tufts University and completed the Specialization in Negotiation and Dispute Resolution at Harvard Law School.

Moreno has traveled in 67 countries on all continents. He has three children.

Treatment and Programs

The Division of Treatment and Programs plays an integral part in the operations of the state's correctional facilities. The division provides programs and services designed to improve the incarcerated resident and their chances of success upon release and to comply with court orders.

The program component includes: education, Adult Basic Education (ABE), General Education Degree (GED), vocational programs, pre-release, religious and volunteer services, administrative remedy program, re-entry program, inmate legal assistance program, Mississippi Prison Industries, Recidivism Reduction Program (RRP), and the youthful offender program.

EDUCATION

The mission of the schools is to offer classes that will enable all returning citizens who desire training to enroll, succeed, and return to their communities as productive citizens with the skills needed to succeed in the workforce.

The Education Department provides training that meets the academic, workplace development, and vocational needs of returning citizens. Adult education and vocational classes are offered at the three state institutions: Mississippi State Penitentiary at Parchman (MSP), Central Mississippi Correctional Facility (CMCF), and South Mississippi Correctional Institution (SMCI). Vocational night classes are offered at MSP through Mississippi Delta Community College.

Academic classes for youthful residents 17 years of age and younger are provided at the Youthful Offender Unit (YOU) School at CMCF. Adult education classes are also offered at the private and regional facilities along with vocational classes at some of the private and regional facilities.

College classes are offered at no cost at MSP through Mississippi Delta Community College and at CMCF through Hinds Community college. Funding was possible through the Mississippi Humanities Council. Mississippi Gulf Coast Community College offered college classes at George County and Stone County Correctional Facilities through Pell ESI. Residents who wish to enroll in additional college classes may take correspondence courses but are responsible for their college tuition fees.

In FY 2022, the MDOC served 408 people in the Adult Education Division and 400 offenders in Vocational Education. Other programs include Smart Start Certifications, National Career Readiness Certification (NCRC), and the National Center for Construction Education and Research (NCCER).

RE-ENTRY

The mission and vision for the Re-Entry Department is to help returning citizens and communities move forward by enhancing re-entry partnerships. The MDOC has partnered with numerous agencies and have implemented several programs to assist returning citizens. A few examples of this collaboration include working with Feeding the Gulf Coast Outreach Program (SNAP), Department of Human Services (Child Support), Governor's Job Fair Network (Reentry Job Fair), and ASC (Housing).

MDOC launched the SSI/SSDI Outreach, Access, and Recovery Program (SOAR). The program is designed to increase the number of SSI/SSDI approvals for incarcerated residents at risk of homelessness and those with serious mental illnesses and other disabilities. The goal is to have SOAR-trained staff across the agency.

PRE-RELEASE

Pre-Release assists returning citizens with identifying career interest, developing resumes, conducting job searches, becoming financial aware and developing new positive behaviors that will impact their real world experience. Pre-Release also assists individuals with educational needs through the Adult Education Program in which they may also complete GED preparation, remedial education, and adult literacy.

Incarcerated residents participate in Thinking for a Change (T4C), and Moral Reconciliation Therapy - cognitive behavioral programs addressing the cognitive social and emotional needs. Participants can receive the National Career Readiness Certification (NCRC), which certifies the work skills needed for success in jobs across industries and occupations.

INCARCERATED VETERANS PROGRAM

The MDOC offers U.S. military veterans a holistic, full-service therapeutic community at the Central Mississippi Correctional Facility. Any classified inmate is eligible for the program provided that he or she is a verified veteran, served a minimum one day of active duty service, has any discharge other than dishonorable, and has verifiable DD214. The Incarcerated Veterans Program houses approximately 70 inmates and priority is given to those with less than 18 months remaining on their sentence. The goal of the program is to reduce recidivism through development of job skills and employment placement prior to release. To achieve this goal, the program offers a 30-hour weekly curriculum core courses. Mandatory classes include cognitive behavioral programs, life skills, and online courses. Additionally, electives include: NCCER trade courses, The Better Man Lecture Series, substance abuse education group sessions, and Retrieving Freedom Dog Training.

Alcohol and Drug Treatment Programs

The mission of the Alcohol and Drug (A&D) Program is to provide clinical treatment and rehabilitation services to individuals who have co-occurring mental health conditions or who have committed an alcohol and/or drug crime(s). The goal is to address the substance use disorder using evidence-based curriculums (e.g., Cognitive Behavioral Therapy, Dialectical Behavioral Therapy, 12-step facilitation, mindfulness, meditation classes, Betty Ford On Demand Living in Balance Curriculum, art therapy, along with psychoeducation about drugs of abuse and clinical treatment team meetings) aimed at correcting ineffective behaviors and unhelpful thought patterns. These clinical A&D services are provided to offenders who are court ordered to alcohol and drug treatment, parole pending completion, Intensive Supervision Program, MDOC referral or volunteer.

The Alcohol and Drug Program also provides re-entry referrals to offenders discharging for primary and secondary A&D treatment facilities, Alcoholics Anonymous, Narcotics Anonymous and Cocaine Anonymous meetings and home placement recommendations. In most cases, through interdisciplinary treatment team meetings and planning, offenders are offered tailored transition plans prior to discharge from our treatment programs.

Mississippi State Penitentiary (MSP) provides an A&D program for offenders with at least six to 30 months remaining in their sentence. The A&D Treatment Center units house 100 treatment beds, group rooms and classrooms.

Central Mississippi Correctional Facility (CMCF) provides both a 12-week traditional A&D program and a long-term program (6 months to 12 months) for female and male offenders. In addition, a 12-week treatment program is available for special needs (disability) male offenders. The traditional 12-week A&D program based on principles of Alcoholics Anonymous is provided for special needs (disability) offenders at Central Mississippi Correctional Facility. A 12-week basic A&D psychoeducation program is provided to eligible offenders housed in high risk, lockdown, and protective custody units.

The A&D Residential Treatment Program, operating the CMCF 720 Unit, is designed to treat incarcerated individuals who have been court ordered for Substance Use Disorders treatment (SUDS) or referred by the Parole Board or MDOC. The program is designed to: 1) improve identification of co-occurring disorder diagnoses by utilizing the Global Assessment of Individual Needs (GAIN-Q3); 2) provide empirically validated substance use disorder(s) (SUDS) treatment programming; and 3) provide integrated pre and post-release treatment and recovery support services. Services are provided by MDOC and Region 8 Mental Health behavioral specialists funded through the Department of Mental Health.

South Mississippi Correctional Institution (SMCI) provides both a traditional 12-week A&D program and a long term (six month) program for general population offenders.

The Residential Substance Abuse Treatment (RSAT) Program is operated in the Flowood, Pike and Quitman Community Pre-Release Centers for offenders who are within six months to one year of release. The offenders provide work in the community during the day and attend A&D clinical treatment in the evening.

Statistical Data

Deputy Administrator Technology

Audrey McAfee

Audrey McAfee has more than 30 years of experience as an information technology professional and correctional business analyst. She was appointed Deputy Administrator in 2017. She has directed management of the information systems since 2002.

She supervised Inmate Treatment & Programs and Records before those duties were transferred to a new deputy commissioner. She has served in several other positions, including as director of policy and planning from 2001 to 2002; lead programmer analyst from 1989 to 2001; research statistician from 1988 to 1989; and accounting clerk from 1986 to 1988.

In her role as Chief Information Officer, McAfee provides timely analyses and makes recommendations to meet legislative changes and to implement new or modified programs. Essentially, she translates requirements into action plans and provides the leadership necessary to ensure business needs are addressed efficiently and effectively. She is on the front line of prison operations in the state, and has played an instrumental role in criminal justice reform achieved under legislation enacted in 2014.

McAfee has a Master of Business Administration degree from Belhaven University and a Bachelor of Science degree in chemistry from Tougaloo College. Also, she has various certificates from the State of Mississippi IT Course Work. She is the agency representative on the Mississippi Wireless Communication Commission.
