Re: Scheduled execution

Two documents providing information regarding the scheduled execution of Richard Jordan on June 25 are listed on this page of the MDOC website. The documents will be sent to all news media in our contacts file.

If your news organization wishes to have personnel to attend as a media witness to the execution, the reporter only needs to complete the **media witness application**. Witnesses will automatically have access to the media center.

If a reporter applying to be a media witness has additional personnel, such as a photographer, the other personnel must complete the **media representative application**.

If all your personnel only want to cover the execution, each person only needs to complete the **media representative application**. They will only have access to the media center.

The deadline to submit requests is **NO LATER than 5 p.m. on Wednesday, June 11, 2025**.
