Noxubee County CWC celebrates staff appreciation

MACON – Noxubee County Community Work Center had a wonderful time celebrating Staff Appreciation during Peace Officer Week.

The facility's employees are appreciated for the hard work, commitment, and professionalism they display each day. Their service does not go unnoticed.

The staff conveyed a special thank-you to Commissioner Cain and Deputy Commissioner Blevins for their continued support and leadership.

"We also extend our sincere appreciation to Senator Rod Hickman and Mayor Freddie Poindexter for attending and supporting our staff and sharing encouraging words with everyone present," said Case Manager Gabrielle Cotton-Hill

During the celebration, Cotton-Hill presented each special guest with a personalized letter and a Commissioner's Coin, on behalf of Commissioner Cain, as a token of appreciation for their continued support of our facility and staff. Also, each staff member received a certificate of appreciation.

"We are also grateful to our community sponsors for helping make this day so meaningful and memorable," Hill said. "Your support and generosity are truly appreciated. Thank you all for helping us honor the men and women who serve with dedication each and every day!"
