Delta Correctional inmates graduate faith-based programs

GREENWOOD - Ten women have completed the Pre-Seminary program for the New Orleans Baptist Theological Seminary at Delta Correctional Facility (DCF). Six have now relocated to the Mississippi Correctional Institute for Women (MCIW) for the next phase of their journey.

Another seven have completed the Chosen Heart Mentorship Program, a six-month, facilitated, residential mentorship program with six mentors. The program is designed for spiritually inclined residents to foster healthy, close relationships with other residents while navigating their spiritual journey in confinement.

The Chaplaincy Department, along with the Field Ministers at DCF, held a ceremony for both the pre-seminary and Chosen Heart participants. Gene B. West, president of the Church of Christ in Greenwood and a volunteer at DCF, was the keynote speaker, delivering a message of the importance of following Christ with your whole heart, no matter the circumstances.
