Audit Findings

Audit Narrative

The auditor's description of the audit methodology should include a detailed description of the following processes during the pre-onsite audit, onsite audit, and post-audit phases: documents and files reviewed, discussions and types of interviews conducted, number of days spent on-site, observations made during the site-review, and a detailed description of any follow-up work conducted during the post-audit phase. The narrative should describe the techniques the auditor used to sample documentation and select interviewees, and the auditor's process for the site review.

The auditor reviewed the pre-audit questionnaire, institution documents, and Mississippi DOC PREA policies and procedures four weeks prior to the onsite audit. The institution was contacted to fill in incomplete sections of pre-audit questionnaire. The additional documentation was received within several days of the request. Southern Mississippi Correctional Institution (SMCI) was instructed to put notices of the audit at least six weeks prior to the onsite audit. The notices will remain posted at least six weeks after the onsite audit. The notice included the auditor's name, date of the audit and an address for any offender who wished to contact the PREA auditor prior to the onsite audit. The auditor received letters from four offenders prior to the onsite visit. The auditor interviewed three of the four offenders during the onsite visit. The fourth offender had transferred to another facility. The issues of the three offenders were addressed according to their satisfaction.

The onsite audit was conducted September 11-13, 2017. The entry meeting occurred on September 11, 2017 at 9:00 am in the Superintendent's conference room. The auditors were introduced to executive staff and the lead auditor explained the audit process and schedule. A thorough tour of the institution was conducted by the lead auditor. The assistant auditor used the institutional offender housing assignment roster and randomly selected offenders from each housing area. Offenders in special categories were randomly selected during the tour and from a list produced by staff. Fifty(50) random offenders were interviewed, and six (6) specialized offenders were interviewed. Most offenders showed knowledge of PREA and were aware of how to make notifications if necessary. However, offenders interviewed who were housed at the facility prior to the implementation of PREA law indicated that they were not formally trained in PREA. The facility has agreed to train these offenders and send documentation to the PREA auditor within thirty days. The lead auditor selected random staff from posts assignment rosters of the two shifts. Seventeen (17) random staff were interviewed. The specialized staff were selected for interviews while touring the facility and from a staff roster. Fifteen (15) specialized staff were interviewed. Staff demonstrated knowledge of PREA standards and knew the importance of timely action in the event of an alleged sexual assault or sexual harassment incident.

During the facility tour, the auditor observed notices of the audit posted throughout the institution where offenders, staff and visitors could see them. Notices of the PREA hotline number and number for MSCASA were seen throughout the housing areas near the offender telephone stations. These notices were in English and in Spanish. The auditor tested the inmate hotline number in each housing unit. Unit 8, in Area I had a telephone that was inoperable. A work order was submitted by the warden to GTL technical support on September 13, 2017.

An inmate who wrote this auditor prior to the onsite audit indicated that from March 1st to April 26th, the institution was placed on lockdown and the telephones in Unit 7, A Zone were turned off during this time. As a result, the PREA Hotline was not available to the offenders in Unit 7, A Zone. The PREA Coordinator checked out the complaint. The GTL technical support staff reported that the PREA Hotline was cut off. The administration stated that they were not aware of this problem. To prevent

this from happening in the future, Superintendent Jacquelyn Banks sent out a memo dated September 13, 2017 informing supervisors, staff and offenders stating “ **Pleased be advised, due to the PREA regulations, the offender telephone system in the housing units will not be disabled. PREA regulations mandate that offenders have access to report PREA incidents and request assist from staff at will and should be able to report incidents while maintaining anonymity. Anytime a telephone is reported and requires repair service, work orders will be completed and submitted with shift paperwork for Supervisor review and reporting.**” Shower curtains were needed in Unit 8, zones A and B, Area I. Documentation shows shower curtains have been ordered and UPS tracking shows a delivery date of September 14, 2017.

After touring the facility and interviewing staff and offenders, the lead auditor reviewed files and reviewed notes from the tour. The PREA investigative files were reviewed; there were two cases that were being worked and in pending status.

The exit meeting took place in the Superintendent's conference room in the afternoon of September 13, 2017. The following persons were in attendance: Sean Smith, Director (CID), Superintendent J. Banks, Warden M. Turner, Warden A. Mills, Deputy Warden T. Barnes, Acting Warden R. Reed, PREA Coordinator Lola Nelson, PREA Manager, Rita Bonner, and Lt. Lucy Martin.

Facility Characteristics

The auditor's description of the audited facility should include details about the facility type, demographics and size of the inmate, resident or detainee population, numbers and type of staff positions, configuration and layout of the facility, numbers of housing units, description of housing units including any special housing units, a description of programs and services, including food service and recreation. The auditor should describe how these details are relevant to PREA implementation and compliance.

The South Mississippi Correctional Institution (SMCI), a facility accredited by the American Correctional Association, is located on 337 acres of land in Leakesville, Greene County, Mississippi, approximately 53 miles south of Hattiesburg and 93 miles north of Gulfport. SMCI is a minimum, medium and close level facility with a male population ranging in age from 18 to 82 years.

SMCI is divided into three inmate living areas: Areas I, II and III. Area I opened in 1989, and Areas II and III opened in 1996. There are a total of 18 housing units: two single housing units, one multiple occupancy cells housing units and 15 open bay/dorms housing units; 36 cells are designated to house segregation inmate population.

As of September 11, 2017, the facility's inmate population was 3035 inmates of a potential total capacity of 3082 inmates. The number of full time staff employed at the facility during the last 12 months was 302, of whom 302 may have contact with inmates.

MDOC has entered into three contracts for the confinement of inmates since August 20, 2012. All three contracts require adoption and compliance with PREA standards. Additionally, the contracts require MDOC to monitor the contractor's compliance with PREA standards. A review of file documents and discussion with the statewide PREA Coordinator support compliance of this standard.

This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

Since August 20, 2012, or last PREA audit, whichever is later, the average daily number of inmates was 2813. MDOC policy 20-14-01,p4, line 142 requires each facility it operates to develop, document and make its best efforts to comply on a regular basis with a staffing plan that provides for adequate levels of staffing, and where applicable, video monitoring to protect inmates against abuse. At least once every year the facility, in collaboration with the facility's PREA coordinator, reviews the staffing plan to see whether adjustments are needed in (a) the staffing plan, (b) the deployment of monitoring technology, or (c) the allocation of agency/facility resources to commit to the staffing plan to ensure compliance. The facility requires that intermediate level and higher level staff to conduct unannounced rounds to identify and to deter staff sexual abuse and sexual harassment. Policy prohibits staff from alerting other staff of the conduct of such rounds. A review of daily Unit Registers of the housing units in Area I and Area II for the months of July, 2017 show frequent security rounds by officers and supervisors.

There have been deviations from the staffing plan in the past 12 months at SMCI. The reasons for deviating from the staffing plan in the past 12 months are illness, call-ins, and resignations. I find SMCI in compliance of this standard because of the above stated reasons.

Standard 115.14: Youthful inmates

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.14 (a)

- Does the facility place all youthful inmates in housing units that separate them from sight, sound, and physical contact with any adult inmates through use of a shared dayroom or other common space, shower area, or sleeping quarters? 115.14 (b)

☐ Yes ☐ No ☒ NA

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

SMCI prohibits placing youthful inmates in a housing unit where they would have sight or sound contact with any adult inmate through use of a shared dayroom or other common space, shower or sleeping quarters. In the past 12 months, no youthful offender has been assigned to SMCI. Conversation with random employees and random offenders indicate that they had no knowledge of any youthful offenders assigned to SMCI. No youthful offenders were observed in the facility while conducting a thorough tour of the compound. SMCI is in compliance with this standard based on review of relevant files, interviews of staff and inmates and personal observations during the tour of the facility.

Auditor Overall Compliance Determination

- ☐ **Exceeds Standard** (*Substantially exceeds requirement of standards*)
- ☒ **Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- ☐ **Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

SMCI has implemented policies and procedures that enable inmates to shower, perform bodily functions, and change clothing without non-medical staff of the opposite gender viewing their buttocks, or genitalia, except in exigent circumstances or when such viewing is incidental to routine cell checks (this includes viewing via video camera). SMCI does not conduct cross-gender strip or visual body cavity searches of residents. During the unit tour, auditors noted announcements being made when females entered the housing units. Interviews with staff and residents verified the practice of female staff making announcements. Observations of the toilet facilities confirmed that residents can shower and perform bodily functions without the opposite gender viewing the genitalia. Shower curtains were needed in Unit 8, zones A and B, Area I. Documentation shows shower curtains have been ordered and UPS tracking shows a delivery date of September 14, 2017.

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

SMCI has sixty (60) medical and mental health care practitioners who work regularly at the facility, all of whom have received the agency's required PREA training in accordance with MDOC Policy 20-14-01. SMCI's medical staff does not conduct forensic examinations. I find SMCI in compliance with this standard based on interviews of medical and mental health staff, random inmates receiving medical and mental health care, review of training documents of staff interviewed, and perusal of relevant policies and procedures.

A transgender or intersex inmate's own views with respect to his or her own safety is given serious consideration. A transgender or intersex inmate is given an opportunity to shower separately from other inmates. Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

MDOC has established procedures allowing for multiple internal ways for inmates and staff to privately report sexual abuse or harassment of inmates, retaliation and staff neglect or violation of responsibilities that may have contributed to such incidents. MDOC has signed a memorandum of understanding with the Mississippi Coalition against Sexual Assault to provide their contact information for inmates who wish to confidentially report incidents to an outside entity. Additionally, SMCI staff/inmate may call a confidential hotline to report suspected instances of sexual assault. Another avenue for inmates to report incidents is to file a grievance and complete an incident report.

An inmate who wrote this auditor prior to the onsite audit indicated that from March 1st to April 26th, the institution was placed on lockdown and the telephones in Unit 7, A Zone were turned off during this time. As a result, the PREA Hotline was not available to the offenders in Unit 7, A Zone. The PREA Coordinator checked out the complaint. The GTL technical support staff reported that the PREA Hotline was cut off. The administration stated that they were not aware of this problem. To prevent this from happening in the future, Superintendent Jacquelyn Banks sent out a memo dated September 13, 2017 informing supervisors, staff and offenders stating “ **Pleased be advised, due to the PREA regulations, the offender telephone system in the housing units will not be disabled. PREA regulations mandate that offenders have access to report PREA incidents and request assist from staff at will and should be able to report incidents while maintaining anonymity. Anytime a telephone is reported and requires repair service, work orders will be completed and submitted with shift paperwork for Supervisor review and reporting.**”

- If the agency claims the maximum allowable extension of time to respond of up to 70 days per 115.52(d)(3) when the normal time period for response is insufficient to make an appropriate decision, does the agency notify the inmate in writing of any such extension and provide a date by which a decision will be made? (N/A if agency is exempt from this standard.) ☒ Yes ☐ No ☐ NA
- At any level of the administrative process, including the final level, if the inmate does not receive a response within the time allotted for reply, including any properly noticed extension, may an inmate consider the absence of a response to be a denial at that level? Policy requires that a resident grievance alleging sexual abuse not be referred to the staff member who is the subject of the complaint. Policy requires that a decision on the merits of any grievance or portion of a grievance alleging sexual abuse be made within 90 days of the filing of the grievance. In the past 12 months, no grievances were filed of alleged past sexual abuse. In the past 12 months, 3 grievances were filed for imminent sexual abuse, with an initial response in 48 hours and the final decision reached within five days. The auditor finds SMCI in compliance of this standard due to the previously mentioned policy, review of related files and interviews with staff and inmates.

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

MDOC Policy 20-14-01 requires all inmates identified as high risk with a history of sexually assaultive behavior or sexual victimization be assessed by a mental health or other qualified professional within 14 days. Policy states that an inmate who has previously perpetrated sexual abuse, whether it occurred in an institutional setting or in the community, staff shall ensure that the inmate is offered a follow up meeting with a mental health practitioner within 14 days of intake screening. Any information related to sexual victimization or abusiveness that occurred in an institutional setting is strictly limited to medical and mental health practitioners, and other staff, as necessary, to form treatment plans and to make security and management decisions, including housing, bed work, education and program assignments. MDOC policy also states that medical and mental health practitioners shall obtain informed consent from inmates before reporting information about prior sexual victimization that did not occur in an institutional setting, unless the inmate is under the age of 18. The auditor reviewed submitted documentation showing follow up meetings occurring within the 14 days of intake. Also, documentation confirms that information related to sexual victimization or abusiveness occurring in an institutional setting is strictly limited to medical, mental health practitioners, and other necessary staff. Interviews with medical and mental health, and classification staff confirms knowledge of this policy requirement. I find that SMCI is in compliance of this standard.
