

Mississippi Department of Corrections Annual Prison Rape Elimination Act (PREA) Report 2018

PREA Background:

The Prison Rape Elimination Act (PREA) is the first United States Law passed dealing with sexual assault of prisoners and was signed into law on September 4, 2003. The PREA standards were drafted with the goal of ending prison rape.

The Mississippi Department of Corrections (MDOC) has adopted policies and is committed to preventing, detecting and responding to sexual abuse and sexual misconducts in the correctional setting. As a result of MDOC's effort to become compliant with the PREA standards, the PREA Division, a branch of the Corrections Investigation Division (CID) was implemented in an effort to ensure all allegations of sexual abuse and sexual misconducts are investigated promptly and thoroughly.

MDOC has established and implemented a zero-tolerance policy regarding sexual abuse and sexual misconduct in order to make identification, prosecution and elimination of sexual misconducts and sexual abuse a top priority for MDOC and contracting facilities who house MDOC offenders.

Ways to Report Incidents of Sexual Misconduct:

MDOC accepts and investigates all reports regarding allegations/incidents or knowledge of any allegations/incidents of sexual misconducts of offenders or staff from third-party callers (family, friends, clergy, vendors, contractors), or any person having knowledge of a PREA related incident.

You can report a PREA Incident by:
